

3 PUBLIC SEATS IN OPEN SPACES AND ROAD SIDES (AN10-2006)

The Department is responsible for the maintenance and upkeep of public seating in open spaces and along roadside verges throughout the city. A number of the seats now require replacing as well as hard surfacing around seating to ease maintenance.

Seating is provided around the vicinity of sheltered housing, near bus stops, at viewpoints and other key open spaces in the city where the public are known to frequent to relax.

The following sites are proposed for improvement:-

Greendykes Road/Broughty Ferry Road	-	2 new seats
Broughty Ferry Road Viewpoint	-	4 new seats
Camperdown Street, Broughty Ferry	-	1 new seat
Forthill Sheltered Housing	-	1 new seat

It is recommended that Dundee Contract Services carry out the provision of new seating and associated works up to the amount of £11,910 which is remaining in the Capital Programme for Public Open Spaces in 2005/2006.
