

**11 DUNDEE CENTRAL WATERFRONT EXTENSION AND REFURBISHMENT OF SHORE TERRACE CAR PARK - SUPPLEMENTARY PAY ON FOOT PARKING SYSTEM (AN119-2013)**

It is reported that tenders were invited in respect of a supplementary pay on foot parking system for the Dundee Central Waterfront Shore Terrace Car Park. Four offers were received and it was recommended that the second lowest offer from Metric Group in the sum of £79,995.00 be accepted. It was agreed that the Metric system was more compatible with the existing Dundee City Council car parking systems than the lowest tenderer Designa UK Ltd (£79,716.46) however, the Metric Group offer also included for additional pin hole cameras. Allowances for contingencies and miscellaneous works in the amount of £45,000.00 required to be added, giving a total expenditure of £124,995.00. In order to keep to the scheduled programme, this expenditure was approved by the Convener and Spokespersons for the other groups.

The Director of Corporate Services has confirmed that this expenditure can be met from within current budgets.

The Committee is asked to note the foregoing.
