

11 BROUGHTY FERRY LOCAL NATURE RESERVE INTERPRETATION (AN134-2007)

The Committee are asked to agree on the provision of interpretative facilities for the Broughty Ferry Local Nature Reserve. Scotland in Bloom judges highlighted this as an area for future development to enhance the Local Nature Reserve. Facilities provided are to include an interpretation panel and information leaflets. The interpretation panel will be designed and installed by The Osprey Company, who are currently replacing the information boards along the Green Circular route. The information leaflets will be printed by David Winter and Son.

The total cost of this provision will be £2,000 to be met through Quality of Life funding.
