

## **6 UNIVERSITY OF DUNDEE MASTERPLAN (AN159-2006)**

Reference is made to Article XX of the minute of meeting of this Committee of 4th December, 2000 when it was agreed to jointly commission a Campus Plan in partnership with the University of Dundee and Scottish Enterprise Tayside. This masterplan was completed in 2001 and reported to the Planning and Transportation Committee of 2nd December, 2002, when it was agreed to:-

- (a) Note the contents of the University of Dundee Campus Plan and endorse the development vision contained therein.
- (b) Agree that the principal contents and findings of the Plan should be the basis for the future development of the Campus.
- (c) Remit the Director of Planning and Transportation to incorporate the Campus Plan into the Dundee Local Plan Review as supplementary guidance.
- (d) Commend the Campus Plan to the Development Quality Committee as a material consideration for development control purposes.

In November 2004 the University of Dundee commissioned a review of the masterplan by the consultancy, Farrells. This has been completed building upon the earlier masterplan. The main components of the new plan are the same as those in the previous version which were accepted by the Committee. The changes in the new plan represent refinements to the original which do not materially affect the principles previously agreed. The Committee is asked to note the revised University of Dundee Masterplan as a substitute for the 2002 version.

A copy of the revised masterplan has been placed in the Members' Lounge.
