

21 REVIEW OF CAR PARKING CHARGES (AN164-2008)

The Council last introduced new increased car parking charges in April 2008 following a decision by the Planning and Transportation Committee on 22nd October, 2007. As part of a general annual review of the level of these charges, an assessment has been made of recent revenue income and expenditure and it is proposed to maintain the existing charges for a further financial year.

The Committee is asked to agree that no increases in parking charges are made prior to April 2010.
