

## **7 DOUGLAS SPORTS CENTRE (AN19-2007)**

It is proposed that in the interest of safety to both public and staff that existing tiling at the gents shower units are replaced to include a non slip surface as well as an enhancement to the existing décor and replacement of old and broken tiling.

A quotation of £13,500 has been received from Dundee Contract Services and it is recommended that this quotation be accepted.

There is provision within the Leisure and Communities Capital Budget of 2006/07 for these works.
