

ABB, EAST KINGSWAY WORKS, DUNDEE (AN193-2007)

Concern has been expressed regarding ABB's derelict factory premises at East Kingsway Works.

Following discussions between the Depute Chief Executive (Support Services) and the Director of Planning and Transportation it has therefore been decided to proceed with a Dangerous Buildings Notice under the Building (Scotland) Act 2003.

The Notice which is currently being served requires ABB (unless they successfully appeal to the Sheriff) to secure the building against entry by 13th August and then demolish it by 28th December 2007.

The Sub-Committee are asked to note the position and that the Planning and Transport Committee will be kept advised of progress.
