

**10 DUNDEE CITY COUNCIL (WHITEHALL STREET, DUNDEE) (BUS SHELTER PROVISION)
(VARIATION OF WAITING RESTRICTIONS) ORDER 2004 (AN224-2004)**

Reference is made to Article III of the minute of meeting of this Committee of 25th August, 2003 instructing and authorising the preparation of an Order to improve public transport facilities in the city centre and to improve servicing facilities for commercial properties within the street.

The proposed Order was duly drafted and as a result of the consultation process the Committee on 24th January, 2004 approved the following changes to the parking layout in the street.

The original proposal was to provide two pay and display spaces towards the north end and two disabled spaces towards the south end with a "loading only" space between them. After further consideration, it is proposed to provide four pay and display spaces towards the north end and one disabled space towards the south end. An alternative disabled space will be designated in Whitehall Crescent. This is a net increase of one space and also a longer length of "loading only".

The Order was duly advertised and one objection was received from Fisher and Donaldson. Copy correspondence is available from Group Secretaries and in the Members' Lounge.

The Committee is requested to make the Order despite the objection.
