

11 DUNDEE CENTRAL WATERFRONT - ASSET PROTECTION AGREEMENT FOR THE REMOVAL AND REPLACEMENT OF THE TAY ROAD BRIDGE APPROACH RAMPS (AN231-2008)

In order to allow the removal and replacement of the northern approach ramps to the Tay Road Bridge as part of the Dundee Central Waterfront project, Dundee City Council will require to enter into an Asset Protection Agreement with the Tay Road Bridge Joint Board. The Asset Protection Agreement effectively ensures that the Tay Road Bridge Joint Board's asset is fully protected and that their interests are not compromised. The Legal Manager has reviewed the Asset Protection Agreement and advises that it is acceptable. Authority is therefore sought for the Legal Manager on behalf of Dundee City Council to enter into the Asset Protection Agreement with the Tay Road Bridge Joint Board.
