

7 PLANNING AND TRANSPORTATION DEPARTMENT - ESTABLISHMENT OF TEMPORARY POST (AN232-2004)

Reference is made to Article XIX of the minute of meeting of the Planning and Transportation Committee on 23rd February 2004, which advised that Dundee City Council had been awarded £306,650 from the Community Transport Initiatives Fund over the next three years to develop community transport in the City. Part of the funding includes the establishment of a temporary Team Leader (Community Transport) to develop this.

It is, therefore, recommended that a post of temporary Team Leader (Community Transport) graded PO11-14 (£32,244 - £34,554) be established for a period of two years in the Planning and Transportation Department. The postholder will prepare an action plan to identify all physical resources in the public and private sector and prepare a business plan to engage a Partnership Transport Brokerage to maximise availability of and access to vehicles.

The cost of the establishment of this post will be £23,918 in the 2004/2005 financial year and £41,002 in a full financial year. This post is fully funded from the Community Transport Initiatives Fund.
