

#### **14 CENTRAL WATERFRONT DEVELOPMENT (AN251-2005)**

Reference is made to Article VIII of the Planning and Transportation Committee of 24th September, 2001 when approval was given for the implementation of the Central Waterfront Development Masterplan. Following completion of a detailed feasibility study, the road alignment and geometry has been further developed to ensure that it will function effectively whilst remaining faithful to the original agreed Masterplan. A copy of the revised road alignment is on display within the members lounge and Committee are asked to note these modifications.
