

## **2 DUNDEE'S STREETS AHEAD (AN289-2005)**

The Sub-Committee is asked to approve the adoption of a revised roads standard guide entitled "Dundee's Streets Ahead". This document replaces the former Tayside Regional Council roads standard document. The "Dundee's Streets Ahead" document incorporates Dundee's vision for quality development and innovative road design and layout.

A copy of the document has been placed in the Members' Lounge.
