

## **9 CLEPINGTON GARDENS AND ALLOTMENTS ASSOCIATION (AN310-2004)**

The above organisation has applied for a grant of £13,400 from the Communities Non-Recurring Revenue Grants Fund to assist with the costs of upgrading meeting rooms, installing gas heating, purchasing equipment and materials, converting one allotment to be fully accessible by disabled groups and associated operating costs.

The objects and purposes of this group fall outwith the remit of the Communities Department and would extend the use made, to date, of this Revenue Grants Fund. Given the pressure on the Fund, the department is unable to recommend an award.

Assistance and advice will, however, be offered by Leisure and Arts and Communities to access Lottery and other funds.

The Committee's approval for this course of action is requested.
