

**12 DUNDEE SCIENCE CENTRE/SENSATION: ACCESS FOR
DISADVANTAGED/UNEMPLOYED ADULTS (AN414-2005)**

The City Council has recently been considering ways of increasing Sensations' educational market reach to disadvantaged and unemployed adults who wish to make use of Sensations' educational exhibits and internet access. It is proposed that the City Council should purchase 3,000 adult tickets at a cost of £19,500 to be made available to the Leisure and Communities Department for distribution through various groups throughout the City.

The Committee is asked to approve that the sum of £19,500 is met from the General Contingency Fund.
