

8 SINCLAIR STREET ENVIRONMENTAL IMPROVEMENTS (AN46-2009)

Reference is made to Article X of the minute of meeting of this Committee of the 27th October, 2008 wherein the City Engineer was authorised to appoint Dundee Plan Company Limited to carry out environmental improvement works in the Hilltown area.

The main works are nearing completion and similar works have now been identified that require to be carried out in Sinclair Street, Lochee as part of the first phase of works within the Lochee Physical Regeneration Framework. The City Engineer has obtained a quotation from Dundee Plant Company Limited which demonstrates favourable rates for carrying out these works under the above contract and recommends that this offer be accepted.

The overall costs amount to £108,930.37 including £13,500 for professional fees and £3,569.63 for contingencies. The Head of Finance confirms that this can be met from 2008/09 Planning and Transportation Capital Allowances and VDLF grant monies in 2009/10.

The Committee is requested to authorise the City Engineer to instruct these works.
