

9 SCOTTISH CHURCHES INDUSTRIAL MISSION (AN72-2008)

Reference is made to Article II of the minute of meeting of the City Council of 3rd April, 1996, wherein the City Council approved the appointment of the Reverend Erik Cramb as Industrial Chaplain to the Council.

The Assistant Chief Executive (Management) has received a request from the Scottish Churches Industrial Mission asking the Council to consider making a contribution to the Trust which supports the Industrial Chaplain. In past years, the Committee has agreed to make a contribution.

The Industrial Chaplain (now the Reverend Maudeen MacDougall) continues to provide a very valuable and worthwhile service to the Council's employees and members and, accordingly, it is recommended that a contribution of £500 should be made. This would be met from the Revenue Budget of the Personnel Department.

The Committee's approval is requested.
