

### **3 PAYMENT TO VOLUNTARY ORGANISATION - PAMIS (AN75-2004)**

It is reported that PAMIS (Professional and Multiple Impairment Service) provides support for people with profound and multiple learning disabilities, their families and involved professionals. An application for funding for £10,720 has been submitted by PAMIS to continue this work in this financial year. This would cover one third of the total cost of the service which PAMIS provides across Tayside. Separate applications have been made to Perth & Kinross and Angus Council for the remaining two thirds.

It is recommended that pending further negotiations for 2004/05 the committee agrees to a one-off payment of £10,720 for 2003/04 which will be funded from the Partnership in Practice Charge Fund.
