

2 PURCHASE OF BINS (AN76-2019)

The Committee is asked to authorise the purchase of the annual quantity of replacement wheeled bins and containers which are estimated to be required during 2019/20.

All purchases are under the Scotland Excel framework 01-17 for Refuse and Recycling containers.

It is recommended that approval be given to purchase the bins/containers required through the Scotland Excel framework.

The Executive Director of Corporate Services advises that the costs of £317,775 can be met from allowances for Recycling and Waste Management in 2019/20 that are included within the Service Provision section of the General Services Capital Plan 2019/24.
