

8 KINGSWAY WEST RETAIL PARK – IMPROVEMENTS TO LOCAL ROADS AND FOOTWAYS (AN79-2004)

As part of the 'planning gain' associated with the redevelopment of the Kingsway West Retail Park, the developer provided a financial allocation of £100,000 towards improvements to the roads and footways in the local area. Following consultation with the local elected member, a number of such improvements have been identified.

Details of drawings and specifications are currently being prepared and it is proposed that this work be awarded to Tayside Contracts under the annual schedule of rates.
