

**10 DESIGNATION OF UNIVERSITY, WEST END LANES, WEST END SUBURBS AND BAXTER PARK CONSERVATION AREAS (AN85-2002)**

In January 2001, the Committee approved the cancellation of the eight previous West End Conservation Areas, the designation of the three redefined West End Conservation Areas (West End Lanes, West End Suburbs and University Conservation Areas), and the designation of the new Baxter Park Conservation Area, as revised following public consultation (Report No 40-2001 refers) following the original Committee approval in November 1998 (Report No 828-1998 refers).

Application was then made to the Scottish Executive Development Department for Article 4 Directions for each area, as also approved by Committee and the Scottish Executive duly approved the Article 4 Directions for all four Conservation Areas on 31st January, 2002. The Conservation Areas were formally designated and the previous areas cancelled by advertisement on 12th February, 2002.
