

#### **4 CRAIGIE HIGH SCHOOL – UPGRADE OF GAS SUPPLY TO HOME ECONOMICS BLOCK (AN88-2016)**

Further to Article IX of the City Development Committee of 28 March 2016 (Report 108-2016 refers), these works are required as the existing gas distribution pipework serving the school requires to be upgraded.

With the approval of the Chief Executive, an offer was negotiated with Construction Services to carry out these works over the October 2016 school holidays and outwith school hours thereafter.

Given the limited timescales available, the Executive Director of City Development, in consultation with the Convener, Labour Group Spokesperson, Bailie Borthwick, Bailie Scott and Councillor MacPherson, accepted the offer from Construction Services. The contract amount is for £69,930.17 which together with other allowances of £10,699.32 makes a total expenditure of £80,629.49.

The Executive Director of Corporate Services has confirmed that these costs can be met from the City Development Department Capital Budget for 2016/17.

Committee is asked to note the foregoing for information.
