

3 PURCHASE OF PLANT AND EQUIPMENT (AN9-2004)

The Committee is advised that the Director of Dundee Contract Services due to timescales and in consultation with the Convener and Group Spokespersons approved the purchase of one Forestry Crane from Atkinson Vos Ltd, Lancaster, for £30,000 and one Chipping/Composting Machine from Harry West Limited, Shropshire for £19,000.

The total expenditure of £49,000 is being met from the revenue surplus generated by Dundee Contract Services, Parks Section, in the current financial year or by operating lease if considered appropriate.

The Committee is asked to note accordingly.
