

REPORT TO: PLANNING & TRANSPORTATION COMMITTEE - 8 JANUARY 2007

REPORT ON: BROUGHTY FERRY OFF-STREET CAR PARKS VARIATION

REPORT BY: DIRECTOR OF PLANNING & TRANSPORTATION

REPORT NO: 1-2007

1 PURPOSE OF REPORT

- 1.1 To vary the regulations relative to resident's season tickets in the Broughty Ferry car parks.

2 RECOMMENDATION

- 2.1 It is recommended that the Committee approve the preparation of the necessary Traffic Regulation Variation Order to vary the regulations relative to the Broughty Ferry car parks to allow any Broughty Ferry resident's season ticket holder to use any of the car parks in Broughty Ferry.

3 FINANCIAL IMPLICATIONS

- 3.1 There are no financial implications.

4 SUSTAINABILITY POLICY IMPLICATIONS

- 4.1 The development and implementation of the car parking strategy and the associated pricing policy accords with the corporate objectives of protecting the environment, the provision of quality services and protecting and enhancing the local economy by discouraging commuter car parking in the city centre whilst maintaining and enhancing disabled and residential facilities in and around the city centre and whilst catering for essential car journeys.

5 EQUAL OPPORTUNITIES IMPLICATIONS

- 5.1 Car parks are free to disabled badge holders and improve access to adjacent premises.

6 BACKGROUND

- 6.1 Currently residents within Central Broughty Ferry can purchase a season ticket which entitles them to park in either Brook Street car park, Fort Street car park or Queen Street car park but the season ticket is only for the nominated car park.
- 6.2 This is considered to be overly restrictive and it is proposed to vary the Order to allow the season ticket to be applicable in any of these car parks at the current cost of £45/annum.

7 CONSULTATIONS

- 7.1 The Chief Executive, Depute Chief Executive (Support Services), Depute Chief Executive (Finance) and Assistant Chief Executive (Community Planning) have been consulted and are in agreement with the contents of this report.

8 BACKGROUND PAPERS

8.1 None
