

REPORT TO: POLICY & RESOURCES COMMITTEE - 10 JUNE 2013

REPORT ON: LOCAL CODE ON CORPORATE GOVERNANCE

REPORT BY: CHIEF EXECUTIVE

REPORT NO: 247-2013

1 PURPOSE OF REPORT

1.1 To review and update the Council's Local Code of Corporate Governance.

2 RECOMMENDATIONS

It is recommended that the Committee:-

2.1 approves the Review and updated Local Code of Corporate Governance as detailed in Appendix 1.

2.2 approves the implementation of the improvements listed in Appendix 2.

2.3 notes the scores recorded against the guidelines in Appendix 3.

2.4 agrees the code should be updated as a project on the internet.

3 FINANCIAL IMPLICATIONS

3.1 None.

4 BACKGROUND

4.1 The Council previously reviewed its Local Code of Corporate Governance in 2012 and has now developed an annual review process.

4.2 Previous reviews suggested a high level of compliance with the guidelines although areas of improvement were identified and acted upon. These included the development of new guidance for benefit realisation and the development of a Customer Charter including a clear set of principles for Council staff. All national reports issued by relevant regulatory bodies are now submitted to the Senior Management Team and referred to the Scrutiny Committee where appropriate.

4.3 In addition, the Council includes a Corporate Governance Statement in its Annual Report and Accounts.

5 CURRENT COMPLIANCE REVIEW

5.1 The current review was carried out by a working group of senior officers who reviewed the existing guidance and met to consider Corporate Governance issues and their implications for the authority.

5.2 The scoring mechanism previously adopted was retained to assess the detailed extent of the Council's compliance with the guidelines as presented in Appendix 3. The scoring mechanism suggests that the Council is over 90% compliant with the guidelines which given their wide scope is considered very good.

5.3 The scoring mechanism was used to assist and prepare the Improvement Agenda in Appendix 2 whereby the working group identified areas where performance could be improved in the near future.

5.4 The internet is a useful means of being able to link the Code to the supporting documents which form the basis of this report. In many cases these documents are lengthy. A unique project for Corporate Governance has been established on the Council website to facilitate their access and this will be updated for the current review.

6 FUTURE REVIEWS

- 6.1 Reviews will be carried out on an annual basis and linked to the annual accounts preparation cycle which will include the preparation of Assurance Statements by the Council's Service Departments.

7 POLICY IMPLICATIONS

- 7.1 This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management. There are no major issues.

8 CONSULTATION

- 8.1 The Director of Corporate Services and the Head of Democratic and Legal Services have been consulted on the content of this report.

9 BACKGROUND PAPERS

- 9.1 Report 188-2012 Local Code on Corporate Governance.

DUNDEE CITY COUNCIL

LOCAL CODE OF CORPORATE GOVERNANCE (2013)

FOREWORD

Dundee City Council strives to meet the highest standards of corporate governance to help ensure that it meets its objectives. The Council is determined to ensure that it delivers the best possible services to city residents. It has developed a modern and effective local democracy that responds quickly and flexibly, delivering high quality services when and where people need them.

The Council is committed to effective decision-making that is transparent and open to genuine scrutiny. It therefore provides on its website (www.dundee.gov.uk) details of its plans, procedures and performance.

DEFINITION

Corporate governance is the system by which Dundee City Council directs and controls its functions and relates to its community. A Corporate Governance Assurance Statement is included in the Council's Annual Report and Accounts each year.

THE CODE

The Local Code of Corporate Governance for the Council consists of six main elements:-

- Creating and implementing a vision for Dundee
- Members and officers roles and responsibilities
- Promoting values and high standards of conduct and behaviour
- Transparency, scrutiny and risk
- Effectiveness and development of members and officers
- Stakeholder engagement to ensure accountability

CREATING AND IMPLEMENTING A VISION FOR DUNDEE

The strategic plan for the city is governed by the Single Outcome Agreement 2012-2017. Further detailed information is included in the Community Plan 2012-2017 which describes the actions that public agencies and their partners will take to achieve our vision for the city. The plans present an integrated approach to public investment and service provision. They also include the promotion of joint working with NHS (Tayside) and other public bodies.

The Council has also prepared the Council Plan 2012-2017. Individuals and groups from all sections of the community are encouraged to contribute to and participate in the work of the authority. The development of Local Community Planning Partnerships, Community Councils and Community Representative Bodies for areas of the city within the boundaries of each parliamentary constituency is designed to encourage more grassroots participation in Council decision-making and to bring the Council closer to the people. Local Community Engagement Strategies and Local Community Plans have been developed for each multi-member ward as means of identifying and responding to local issues and involving communities in the planning and delivery of public services. In addition, the Council solicits views on a wide range of decisions and maintains a listing of community groups and voluntary organisations and invites their opinion on possible developments likely to affect them.

MEMBERS AND OFFICERS ROLES AND RESPONSIBILITIES

The roles and responsibilities of Councillors and Officers are clearly defined in the Standing Orders of the authority, the Scheme of Delegation of Powers to Officers of the Council, the Scheme of Tender Procedures and the Scheme of Financial Regulations.

The Council has Corporate guidance on Recruitment and Selection and ensures that all officers involved are appropriately trained for their roles. Councillors' Professional Development is also available. Councillors on the Personnel Appointments Sub-Committee must undertake Fair Selection training. There is also further bespoke training for Elected Members sitting on the Licensing Committee and the

Development Management Committee and Councillors have also received training on the Ethical Standards regime.

The Council has adopted the Continuing Professional Development Framework for Elected Members developed by The Improvement Service.

The Scheme of Councillors' Salaries and Expenses sets out the terms of Councillors' remuneration. Details of all Councillors' expenses are published on the internet and in the local press on an annual basis.

The Council's Chief Executive is responsible to the authority for all aspects of executive management.

The Chief Executive, Director of Corporate Services and Head of Democratic and Legal Services are responsible for ensuring that agreed procedures are followed and that all applicable statutes, regulations and statements of good practice are complied with.

The Director of Corporate Services is responsible for ensuring appropriate advice is given to the Council on all financial matters, keeping proper financial records and accounts and maintaining an effective system of internal financial control under the terms of the Financial Regulations.

The roles of senior officers are defined in agreed Job Descriptions. Employee performance is reviewed on an annual basis through Employee Performance and Development Review Schemes.

Job Descriptions have been produced for members in general and for the Leader of the Administration in particular.

PROMOTING VALUES AND HIGH STANDARDS OF CONDUCT AND BEHAVIOUR

The Council has a range of systems and procedures in place to ensure that members and employees of the authority are not influenced by prejudice or conflicts of interest in dealing with its citizens. The Council maintains a continually updated "Register of Members' Interests" which is available for inspection by members of the public.

The Council has a Members/Officers Code of Conduct in addition to the Financial Regulations, Standing Orders and Disciplinary Procedures. The Council has a "Helpline for Employees - Disclosure of Information" policy in place to provide for the direct reporting of problems to senior managers without fear of recrimination.

The National Code of Conduct, the Disciplinary Procedures and the Local Code on Corporate Governance are also applicable in general terms to any external organisations to which elected members and/or officers are appointed. Such organisations must also comply with the Following The Public Pound Guidelines which is covered by a separate report to committee.

The Council is committed to equal opportunities including both the elimination of discrimination and the use of positive action measures to ensure that employment opportunities, service provision and access to civic life are bias free and made equally and easily available to people from target groups.

TRANSPARENCY, SCRUTINY AND RISK

The Council is committed to the transparency and scrutiny of its services and processes including decision-making. To that end a Scrutiny Committee was established in April 2009 with the principal remit of considering Performance Inspection reports on the authority.

Recent notable performance improvements include:-

- Community Consultations undertaken to inform new Local Plans
- Procurement Strategy developed and approved to 2015
- Implementation of Mainstreaming Equality Report 2013-2017
- Commencement of MSc in Public Service Leadership Programme
- Council's Sustainable Governance Framework has been reviewed and updated
- Five-year Revenue Budget model covering 2012-16 developed
- Development of a Council Carbon Management Plan

- Improved communication through the development of the Council's Twitter feed
- Increased outdoor learning opportunities for children

The Council has a developed Risk Management Policy. This states that "Dundee City Council is dedicated to the management of risk in order to:-

- safeguard its employees
- protect its property
- preserve and enhance service delivery
- maintain effective stewardship of public funds
- promote a favourable corporate image"

The main priorities within this policy are the identification, evaluation and control of risks which threaten the Council's ability to deliver services to the public. The Council has a high level Business Continuity Plan which sets out the arrangements by which the Council aims to continue to deliver its critical services in the event of an emergency event. Critical services are identified through a process of identification and analysis contained within risk registers.

Resources aimed at improving internal control within the Council are allocated according to priorities determined by the Annual Audit Plan, reflecting the changing risks and priorities of the Council.

The Council's accounts now include a corporate governance statement.

The Council reports regularly and publicly on the progress made towards achieving its vision in the Annual Performance Report which is published in September.

NB The Council also publishes, on an annual basis, Statutory Performance Measures. On a quarterly basis performance is reported to the Scrutiny Committee by a combination of performance database and Statutory Performance Indicators information by way of traffic light reporting.

In 2013 the Society of Local Authority Chief Executives in conjunction with the Improvement Service developed a number of new indicators specifically aimed at facilitating performance comparison from authority to authority through the use of family groupings.

Performance for 2010/11 and 2011/12 will be reported to Council for these new indicators for the first time later this month and further work will be undertaken over the coming months to assist the benchmarking process and compile the 2012/13 performance statistics.

A programme of Best Value Reviews has been undertaken within the Council examining the rationale for providing each service and considering the best method of service delivery.

The role of the Scrutiny Committee has expanded to deal with efficiencies and performance monitoring, the latter now being monitored by an on-line Planning Database and Performance Database.

The Dundee Partnership has put its Single Outcome Agreement in place for 2012 to 2017. Performance on this will be reported through the Council's existing performance reporting mechanisms. As of May 2013 of the 143 activities included in the agreement 58% of items had maintained performance, 26% had improved performance and only 16% had performance declines.

The Council is also committed to the Efficient Government programme and on an annual basis identifies efficiency savings achieved by implementing this initiative.

The Council fosters relationships and partnerships with other public, private and voluntary organisations in delivering services that meet the needs of the local community.

The Council also responds to findings and reviews of Audit Scotland, other statutory inspectors and its own Internal Audit Section.

EFFECTIVENESS AND DEVELOPMENT OF MEMBERS AND OFFICERS

The Council regards the training of its Elected Members and Officers as a high priority. To that end each Member and Officer has his/her own Personal Development Plan where training requirements are discussed in detail.

Personal Development Plans are reviewed on an annual basis as a minimum but may be more frequent if necessary.

New members and officers are required to complete an induction programme designed to provide background information on a local authority's core activities as well as keeping the individual up-to-date with current issues of interest with which the Council is involved.

Job descriptions and person specifications are available for all posts advertised. The Employee Performance and Development Framework links employee objectives to Service Plans and the Council Plan and the Council operates an on-line Performance Management system to keep the monitoring of key tasks up-to-date.

The Council has also set up eight Local Community Planning Partnerships which participate in the work of the authority and contribute to the Council Plan and the wider Community Plan.

STAKEHOLDER ENGAGEMENT TO ENSURE ACCOUNTABILITY

The overarching plan for Dundee City is contained within the Single Outcome Agreement with further detail provided in the Community Plan 2012-2017.

Both documents are prepared in partnership with other public sector organisations where mutual objectives have been established.

The Council maintains a register of all consultation exercises undertaken with its stakeholders. These exercises inform the development of future service provision. An annual Performance Report is published which provides information on key consultation exercises and itself contains an on-line feedback mechanism in order that stakeholders may put forward their views for consideration. The report also contains a separate section on progress on The Single Outcome Agreement which is also published in the local press. The report includes poor as well as good performance.

The Council has also established eight Local Community Planning Partnership Projects whereby stakeholders are consulted about community needs. These projects feed in to the wider planning process at corporate level. As with Council Meetings, all meetings of the Local Community Planning Partnerships are open to the public and full minutes of the meetings are recorded.

DUNDEE CITY COUNCIL - SELF ASSESSMENT FOR LOCAL CODE OF CORPORATE GOVERNANCE 2012/13

The Council's Local Code of Corporate Governance 2012/13 reflects the requirements of the CIPFA/SOLACE Delivering Good Governance in Local Government Framework published in 2007 and the supporting Guidance Note for Scottish Authorities published in May 2008. For each of the six core principles of good governance outlined in the Good Governance Standard for Public Services (2004), the CIPFA/SOLACE Delivering Good Governance in Local Government Framework provides supporting principles and a range of specific requirements that should be reflected in local authorities' Local Codes of Corporate Governance. The supporting Guidance Note for Scottish Authorities provides more detail and examples of evidence such as systems, processes and documentation that may be used to demonstrate local compliance with these principles.

The CIPFA/SOLACE template detailed within the Guidance Note for Scottish Authorities has been followed in developing the Council's Local Code of Corporate Governance. As part of the self assessment process the Council's arrangements have been evaluated using the scoring system summarised in the table below:

EVALUATION	DEFINITION
4	Fully compliant with the requirement of the local code
3	Mostly compliant with the requirements of the local code
2	Partially compliant with local code requirements
1	Not compliant with local code requirements

The information gathered from the 2012/13 self assessment of the Council's governance arrangements and detailed in the attached schedules has been used to inform the areas to be included in the Council's improvement plan for the year.
