

## **DUNDEE CITY COUNCIL**

**REPORT TO: POLICY AND RESOURCES COMMITTEE – 20 AUGUST 2012**

**REPORT ON: DUNDEE COMMUNITY SAFETY PARTNERSHIP ANNUAL  
REPORT 2011-2012**

**REPORT BY: DIRECTOR, LEISURE AND COMMUNITIES**

**REPORT NO: 283-2012**

### **1.0 PURPOSE OF REPORT**

- 1.1 To present the Dundee Community Safety Partnership Annual Report 2011-2012 to the Committee.

### **2.0 RECOMMENDATIONS**

- 2.1 Committee members note and approve the content of the report.

### **3.0 FINANCIAL IMPLICATIONS**

- 3.1 None.

### **4.0 BACKGROUND**

- 4.1 The Dundee Community Safety Partnership Annual Report 2010-2011 is the final report on progress of the Community Safety Strategy 2009-2012 agreed by Committee on 27 April 2009. Report no: 205-2009 refers.

- 4.2 The key achievements outlined within the report include the continuation of the downward trend of the last seven years and that further reductions are reported in:

- Vandalism
- Theft by shoplifting
- Robbery
- Domestic dwelling house breaking
- Serious and violent crimes
- Fatal road traffic collision injuries
- Youth causing annoyance
- Secondary fires
- Non dwelling house breaking
- Serious road traffic collision injuries
- Motorcycle nuisance

In addition, there continues to be an improvement in those who perceive their neighbourhood to be a safe place in which to live and in the percentage of those who do not allow fear of crime to affect their everyday living.

- 4.3 Dundee Community Safety Partnership has responsibility for the Community Safety section of Dundee's Single Outcome Agreement. The key achievements highlighted in 4.2 demonstrate continuing significant progress towards achieving Dundee's vision of a city where "Our communities will be safe and feel safe".

## **5.0 POLICY IMPLICATIONS**

- 5.1 This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management. No major issues have been identified.
- 5.2 An Equality Impact Assessment has been carried out and will be made available on the Council website <http://www.dundee.gov.uk/equanddiv/equimpact/>.

## **1.0 Co-Chairpersons Report**

In a continuing period of financial constraint and downsizing of many of its partners, the Community Safety Partnership during the period 1 April 2011 to 31 March 2012 has continued to provide an effective service to those who live and work in Dundee. Partners have developed innovative ways to maximise the limited resources available and ensure that Dundee has become a safer place in which to live and work.

The Community Safety Partnership on behalf of the Dundee Partnership drives forward the community safety theme of the Dundee Community Plan and the Single Outcome Agreement.

The updating of data contained within the Strategic Assessment has continued to allow us to focus our priorities and these are reflected in the Annual Report before you.

Results of staff endeavours ensures that Dundee Community Safety Partnership continues to be highly regarded nationally and staff from our various partner agencies continue to represent our interests in a number of national fora.

Hard statistics continue to evidence the effectiveness of the work of partners and this is seen in a continuing downward trend for a record seventh year in a row. Reductions are reported in:

- Vandalism
- Theft by shoplifting
- Robbery
- Domestic dwelling house breaking
- Serious and violent crimes
- Fatal road traffic collision injuries
- Youth causing annoyance
- Secondary fires
- Non dwelling house breaking
- Serious road traffic collision injuries
- Motorcycle nuisance

It is also encouraging to note that the percentage of people who say they feel very or fairly safe walking alone in their neighbourhood after dark has risen to 49.3% which is an increase of 3.6 percentage points from the previous year. In addition the number of people who say that fear of crime does not prevent them from taking part in every day activities has risen to 92.8% which is a 1.3 percentage points increase on the results of the previous year. These figures are taken from the 2011-12 Public Perception Survey results (Dundee) carried out by Tayside Police. This survey also shows that taking everything into account 85.5% of respondents felt that their neighbourhood was a very or fairly safe place in which to live. This was a 4.8 percentage points increase compared to the previous year. Whilst not being complacent about these figures it does indicate that the Community Safety Partnership is beginning to make inroads into the way people feel in terms of their safety and encourages partners within the Community Safety Partnership to work together even more effectively maximising our resources to ensure that we deliver

the best possible service for those who live and work in Dundee and reducing their fear of crime.

Success, however, can also have a down side and this was the case when the Scottish Government decided that Dundee had been so successful in our Centre Safe campaign that we would no longer require to receive funding from them for the festive period 2011-12. Whilst any additional funding would have been welcomed it does however highlight the effective partnership working currently being undertaken in Dundee. The Centre Safe campaign did take place over the festive period and continued to result in fewer crimes and a very positive atmosphere which ensured festive revellers were able to enjoy themselves in safety. This work has now become core business for Dundee Community Safety Partnership and will be met within our current resources.

We recognise that Dundee Community Safety Partnership will continue to face challenges but we are determined to carry on improving the way we work and our effectiveness to ensure that we deliver high quality services and provide reassurance to those who live and work in the city to ensure that Dundee remains a safe place in which to live, work and visit.

We commend this Annual Report to you which demonstrates the continued improvements to the safety of our City and for its citizens.

#### **I MINUTE OF MEETING OF ANNUAL GENERAL MEETING OF 24TH SEPTEMBER, 2010.**

The minute of the above meeting was approved.

#### **II CO-CHAIRPERSON'S REPORT**

Neil Gunn, Co-Chair, welcomed everyone to the Annual General Meeting stating that it had been another very successful year for the Partnership despite challenges of the economic climate. Thereafter Neil outlined the following key points:-

##### **(i) KEY ACHIEVEMENTS**

##### **(a) Reduction in Crime from a Baseline of 12,029 to 11,066 by 2011**

This target had been exceeded and a figure of 10,378 for the three year average had been achieved.

It was also noted that key areas where crime reduction was reported were:-

- Youth-related calls
- Shop lifting
- Theft
- Domestic dwelling housebreaking
- Drug offences
- Serious assaults
- Motorcycle nuisance calls
- Secondary fires

**(b) Increased Percentage of those who State that Fear of Crime has no Effect on their Quality of Life**

The Community Safety Partnership used the Police Public Perception Survey and the following questions were asked:

- Does fear of crime prevent you taking part in everyday activities?  
92.5% respondents said No.
- How safe do you feel walking alone during the day? After dark?  
91.5% respondents said either very or fairly during the day.  
45.7% respondents said either very or fairly after dark.
- To what extent do you agree Police, Council and partners are dealing with Antisocial Behaviour and Crime Issues that matter in your neighbourhood?  
62.5% respondents said either strongly or tend to agree.
- Taking everything into account, how do you rate your neighbourhood as a place to live?  
80.7 respondents said either very or fairly safe.

All figures were improved on from the previous year, which was welcomed by members.

**(ii) OTHER NOTABLE ACHIEVEMENTS:-**

- Establishment of SIME Group
- Funding for Service Level Agreements with Tayside Police guaranteed for three years
- Best Bar None awards ceremony held in Dundee, with many top awards won by local establishments

- Pilot of Bottle Marking Scheme and Safer Retail Awards
- Focus on Alcohol Project commenced
- “The Bus” commissioned and being used within the community
- Home Safety Group established
- Ongoing success of Safe Taysiders project
- Presentation on illegal Money lending, increased awareness of this issue
- Continued commitment of Community Safety Wardens
- Technology Safety Working Group continuing to provide valuable information within communities
- Community Safety Network giving advice and support to community

Members were thanked for their continued attendance at meetings, and for the roles that they took on within the partnership.

Thereafter, the annual report was approved by members.

### **III PRESENTATION OF ACCOUNTS 2011-2012**

#### **(i) COMMUNITY SAFETY PARTNERSHIP AWARD**

It was reported that Bulky Uplifts and community Target Hardening were continuing to be supported.

Members were reminded that it was vital for any under spends to be reported immediately in order that monies be reallocated.

#### **(ii) SMALL GRANTS**

It was noted that various initiatives had been able to be supported including:

- Pilot for exchange of chip pans for thermostatically controlled deep fat fryers
- Thermal hair-straightener bags provided
- Safety events in Whitfield and Kirkton
- Sexual violence/exploitation awareness event
- DVD of Safe Taysiders event
- Purchase and distribution of “spikeys”
- “See Off Scams” event to raise awareness of bogus callers

#### **(iii) LOCAL ACTION FUND**

Members noted the divisionary activities which had been undertaken in particular holiday divisionary activities.

Thereafter, the Partnership approved the accounts as submitted.

#### **IV      WORKSHOPS**

Members had the opportunity to take part in three work shops on the following themes:

- (i)      Civil Unrest Within Dundee
- (ii)     Poor Community Image & Mindless Vandalism
- (iii)    Winter Weather Chaos

During these workshops, members discussed the responses that they would expect from Dundee City Council, the Emergency Services and also individual citizens and community groups.

It was noted that the workshops were extremely interesting and informative and had provided much thought-provoking discussion.

Neil GUNN, Co-Chair.

## ACTION PLAN REPORTING TEMPLATE 2011/12

## ACTION PLAN REF. 10

**Project Description**

- Reduction in fire related anti-social behaviour
- Improved co-ordination of diversionary activity targeting hotspot areas and specific individuals regularly engaged in antisocial behaviour or criminal activity
- The Bus (mobile youth resource vehicle) provides an opportunity for safe, educational engagement with young people. It is used to reach a wide range of young people to provide information, support and services to help them make positive lifestyle choices.
- The Bus is deployed in an area when it is identified as being or becoming a 'hotspot' in terms of the number of calls Tayside Police receives regarding young people causing a nuisance. It is staffed by Youth Workers with localised support from Tayside Police and Community Safety Wardens. Support from additional partners will also be negotiated at a local level where appropriate. This partnership approach is key in addressing the issues identified by communities.

**Outputs Delivered**

- Local Fire related anti-social behaviour meetings (quarterly)
- Joint school talks
- Youth engagement
- Fire service initiatives
- Partnership working with local authority, Police, Royal Mail, Scottish & Southern Energy to identify potential fire risks
- Working with youths with learning difficulties (fire college)
- CIU analysts product highlighting ASB and youths issues for partners
- Youth Intervention Group meetings took place
- Intelligence led patrolling by community Safety Wardens
- Intelligence led deployment of The Bus youth diversionary resource
- The Bus became fully operational at the beginning of July 2011 and over this period, the number of Youth Causing Annoyance calls logged by Tayside Police has continued on the overall downward trend noted throughout this year, with no significant hotspot areas being identified across the city.
- The Bus has engaged with an average of 144 young people aged 10 to 18 years each month using this resource on Thursday and Friday evenings to deliver positive, diversionary activity.
- Community Based Youth Work staff have used The Bus to deliver Youth Information Drop-ins which take place at lunchtime in schools and also across local communities out with the core Thursday and Friday evenings. These sessions have attracted an average of 50 young people each week.
- The Bus was also present at 9 community fun and gala days to promote both the resource and local positive activities for young people in their area.

### **Outcomes Achieved**

- Reduction in Secondary fires
- Young people's awareness of the dangers of fire
- Partner links
- Integration of young people and the fire service
- Positive feedback from Fire College staff
- Effective deployment of mobile resource vehicle
- Young people are involved in less anti-social behaviour
- Young people understand the impact anti-social behaviour has on their community
- Young people are better informed about alcohol and substance misuse
- Young people make positive decisions and lifestyle choices

### **Supporting Evidence**

- Statistical reports of reduction in secondary fires
- Junior Fire Inspectors Programme
- Community Fire Safety Initiatives Spreadsheet
- Fire College Log books
- Photographic evidence
- Young people have been supported to access Youth Information which has covered a broad range of topics and issues. These have included alcohol and substance misuse, suicide awareness and firework safety. Supported access to this information has provided young people with the opportunity to make better informed decisions and lifestyle choices.
- A group of young people from the Lochee area have worked with a local media company to design a short animation which is based on risk taking and anti social behaviour, particularly associated with alcohol. This educational tool will be shown on the screens both on and off The Bus to promote a positive message and stimulate challenging discussion with young people.
- The feedback from both adults and young people has been very positive. The following are some examples of what young people have said about The Bus...
- Gives us something to do
- Bright and Cheerful
- Fun, friendly
- Workers are fandabidoshis
- Lots of youth information
- The Bus is cool
- Colourful
- Superb
- Sweet
- The Bus is amazing, cool and fun
- The Bus is Awesome!
- Fun, cool, laptops, info, wii, workers, is bright!
