REPORT TO: POLICY & RESOURCES COMMITTEE - 12 SEPTEMBER 2005

REPORT ON: STATUTORY PERFORMANCE INDICATORS 2004/2005

REPORT BY: DEPUTE CHIEF EXECUTIVE (FINANCE)

REPORT NO: 538-2005

1 PURPOSE OF REPORT

- 1.1 To advise the Committee of the publication of the Council's Statutory Performance Indicators for the financial year 2004/2005.
- 1.2 To provide a commentary to Committee on the Council's performance as defined by the above indicators.

2 RECOMMENDATIONS

- 2.1 The Committee notes the Council's performance for 2004/2005.
- 2.2 In future, statutory performance indicators be reported to Committee twice per annum, firstly in September comparing this authority's current to past performance and secondly in the following March comparing this authority's current performance to that of the other local authorities in Scotland when the required data is published by Audit Scotland.

3 FINANCIAL IMPLICATIONS

3.1 Any financial implications will be contained within existing Revenue Budget provisions.

4 LOCAL AGENDA IMPLICATIONS

4.1 None.

5 EQUAL OPPORTUNITIES IMPLICATIONS

5.1 None

6 BACKGROUND

- Originally all authorities were required by statute to publish all statutory performance indicators in the local press each year with the attendant costs. This specific requirement was withdrawn and in recent years the Scottish Executive has allowed local authorities broadly to decide upon how they wish to report their performances.
- 6.2 This authority has been continuously improving and developing its performance reporting. Successful initiatives such as the annual Performance Report and the annual Performance "Pull-out" in the Evening Telegraph have been introduced to try and reach as many stakeholders of the authority's services as possible.

- 6.3 The Performance Report is distributed to community centres, schools, housing offices, customer contact points and any other body where it is thought there may be an interest in learning about the Council's performance. The Performance Pull-Out is published in the Evening Telegraph and has substantial coverage in the Tayside area. It is also distributed to all departments, employees and Council tenants. The Performance Report is published on the Council's internet site.
- 6.4 The statutory performance indicators are also published on the internet site. In previous years they have been reported to the Management Team twice per annum, the first report comparing current to past performance and the second comparing current performance to that of the other local authorities. In future it is intended that these reports will go to the Policy and Resources Committee in order that Elected Members have adequate opportunity to review performance data..

7 COMMENTARY

All statutory performance indicators for 2004/05 are detailed in Appendix 2 of this report. An analytical review of the indicators is provided in Appendix 1 and comparative figures for 2003/04 are provided where available. In some cases comparatives are not available due to indicator definition changes and deletions which in some cases make comparison invalid. A further caveat is that the authority has a large number of other indicators by which it measures performance. This report restricts itself to statutory performance indicators only and uses the groupings adopted by Audit Scotland which in some cases are thematic rather than departmental. A summary of performance follows.

7.1 Adult Social Work

- 7.1.1 In previous years it has been difficult to rate some performance levels due to a large number of changes to indicator definitions. These changes have now bedded in. Significant improvements have been made to the proportion of staff for the elderly and other adults who are qualified. Average hours per week to complete community orders is also showing a positive trend.
- 7.1.2 For a few indicators performance has declined marginally, but this is not regarded as significant and does not detract from the overall improved position. It should be noted that Social Work has by far the most statutory performance indicators of any department and if it performs well this tends to boost the Council's overall performance.

7.2 **Children's Services**

- 7.2.1 Falling school rolls particularly in primary schools continue to impact on performance levels although it is noted that indicator 1 has been withdrawn for future years. Occupancy levels in secondary schools have remained static. Time spent on the assessment of special needs has improved greatly and steady improvement is noted with regard to the equality indicators.
- 7.2.2 Staff qualifications in residential homes, social background report submissions and supervision requirements all improved substantially. Children on the child protection register increased compared to the previous year which is generally regarded as a decline in performance. The increase is due to a number of factors including parental substance misuse, parental mental ill health or learning disabilities. There has also been an increase in the number of young people registered under the sexual abuse category which relates to improved joint initiatives in regard to the risk of sexual exploitation.

7.3 **Housing**

7.3.1 The Response Repairs indicator groupings are not directly comparable to the previous year due to a change in performance targets introduced although the overall performance level is broadly the same. The percentage of rent lost due to voids has improved significantly. It is noted that the council house sales indicator has declined due to a significant increase in the number of applications and sales of properties being made.

7.4 **Development Services**

7.4.1 Changes to service delivery have resulted in apparent performance decreases for householder and non-householder applications processing and the successful planning appeals rate. Building warrant and completion certificate performance levels have remained broadly the same.

7.5 Roads and Lighting

7.5.1 A technical problem which occurred during the year resulted in the required data for repairs response not being returned. Steps are being taken to ensure there is no repeat of this problem. New and changed indicator definitions mean that a number of the Roads and Lighting indicators have no comparators for 2003/04. The remaining indicators' performance levels have remained similar to the previous year.

7.6 <u>Cultural and Community Services</u>

7.6.1 In overall terms Cultural and Community Services performance indicators have maintained performance levels in comparison to the previous year. It should be noted that service users have increased significantly for indoor sports and leisure facilities and also for the library facilities. In addition, access to computer terminals in the community centres and libraries which is a new service has increased significantly reflecting the changes in type of demand placed on the authority as technology advances.

7.7 Waste Management

7.7.1 All comparable statutory performance indicators have improved upon the performance levels of the previous year and this is regarded as an excellent performance. Dundee continues to hold the title of Recycling City performing significantly better than other authorities. Attention is drawn to the new Cleanliness index indicator which has performed satisfactorily in its first year. Further comment will be made on this indicator in March 2006 when comparative data becomes available.

7.8 **Protective Services**

7.8.1 Food Safety and Workplace Safety indicators have all improved upon the previous year and this is regarded as a good performance. Pest Control performance levels are already very high and have been maintained at this high level. Noise Complaint and Consumer Enquiries performance indicators are down on previous year's performance.

7.9 **Corporate Management**

7.9.1 Sickness levels continue to give cause for concern. The Assistant Chief Executive (Management) continues to take steps to address this as recently as last month when new proposals on monitoring sickness absence were approved by the Personnel Committee. It is anticipated that these new measures will bring about a reduction in absenteeism over time.

- 7.9.2 The Council Tax collection rate continues to improve and the Council is nearly halfway to achieving its target rate of 90%. The Non-domestic Rates collection rate has also improved on last year's performance. Prompt payment of invoices remains a priority and although slightly down on last year continues to be one of the highest in the country assisting small businesses with cash flow difficulties.
- 7.9.3 Attention is drawn to the new indicator for disabled access to Council buildings. This indicator will be monitored closely in future years to ensure that continuous improvement is obtained and that equality issues are addressed by the authority.

7.10 **Benefits Administration**

7.10.1 It is noted that processing times for benefits new claims and change of circumstances have improved significantly from the previous year. Further improvement is planned to meet national targets. Continuous improvement has also been achieved in ensuring that the calculation of benefit is correct. Due to technical difficulties with the software package the Council continues to be unable to report the percentage of recoverable overpayments made. Further work is required to enable this indicator to be reported properly.

8 CONCLUSION

- 8.1 Of the indicators reported by Audit Scotland 50% of them (36) have improved and 8% (6) have remained the same as last year. This means that the Council has maintained or improved its performance for 58% of the indicators reported which is regarded as satisfactory.
- 8.2 For 42% of the indicators (30 items) performance has deteriorated from the previous year. However, it should be noted that this does not mean performance is poor as in some cases the existing performance level is very high. For example the speed with which invoices are paid has fallen slightly but will still be one of the highest in Scotland. Where action has been required to improve performance, Action Plans have been put in place to rectify the position. It is noted that the above analysis can only be finally completed once data from other authorities becomes available as there may be some national factors which result in a deterioration in some statutory performance indicators for all authorities in any given year.

CHILDREN'S SERVICES

Primary Schools

Indicator 1: Primary classes in which the numbers of pupils fall within the following bands:

2 a(i):	Single year classes with 33 or fewer Composite year classes with 25 or	83.4	(85.3)
a(ii)	fewer	15.8	(13.2)
a(iii)	Primary classes with P1 to P3 pupils in which the number of pupils is 30 or		
	less	96.4	(97.8)
b	Number of single year primary classes	334	(354)
	Number of composite primary classes Number of primary classes with P1 to	64	(55)
	P3 pupils	138	(184)

Indicator 2a: Occupancy: % of schools where ratio of pupils to places is: (19.5)40% or less 19.5 (31.7) (31.7) (31.7) (17.1) 41-60% 34.1 29.3 17.1 iii 61-80% 81-100% 101% or more (0.0)0.0 ٧ 41 2b Total number of primary schools (41)

Secondary Schools

Indicator 3a: Occupancy: % of schools where ratio of pupils to places is: 40% or less 0.0 (20.0) (30.0) 41-60% 61-80% 20.0 30.0 iii 81-100% 40.0 (40.0) 101% or more 10.0 (10.0)Total number of secondary schools 10 (10)

General

Indicator 4: Assessment of special education needs:

а		age time (in weeks) taken to plete assessment.	18	(24)
b	% co banc	ompleted in the following time ls:		
	i ii iii iv v	Up to 18 weeks 19-26 weeks 27-39 weeks 40-52 weeks More than 1 year	58.8 29.4 5.9 0.0 5.9	(50.0) (16.7) (16.7) (13.9) (2.8)

Teaching Staff - Equal Opportunities

Indicator 5: The number and percentage of head and deputy head teachers who are women compared with the percentage of all teachers that are women:

		Deputy Head n teachers		omen hers
	No	%	No	% of all teachers
Secondary schools	24 (24)	42.1 (41.4)	418 (406)	60.6 (60.3)
Primary schools	73 (67)	78.5 (77.0)	520 (525)	90.8 (90.8)
Special schools	9 (10)	69.2 (71.4)	129 (138)	90.8 (90.8)

Child Protection

Indicator 6:

а	The number of children referred over the 12 months to 31 March	200	170
b	The percentage of children entered on the register in the year who had previously been on the register	24.3	(16.1)
С	The number of children on the council's child protection register at 31 March	83	67
d	The number of children on the child protection register at 31 March per 1,000 population aged under 16 years	3.4	(2.7)
е	The percentage of children on the register at 31 March	5.4	(2.1)
	who had been on the register for:		
	i less than 6 months	51.8	(70.1)
	ii 6 months but under one year	34.9	(16.4)
	iii one year but under 2 years	13.3	(13.4)
	iv two years or more	0.0	(0.0)

Indicator 7: The number and percentage of young people of age 16 or 17, ceasing to be looked after away from home, who achieved standard grades in English or Maths or other subjects:

		(i) Nur Chile	nber of dren	percer those disch	i) as a stage of being arged
а	Number ceasing to be looked after	14	(20)		
b	Number attaining at least one Standard				
	Grade (any subject)	4	(9)	29	N/A
С	Number attaining Standard Grade English and Maths	3	(5)	21	N/A

Child Care Placements

Indicator 8: Children aged 0-17 in care/supervision in the following types of placement:

			nber of ildren	Total in	6 of the n Care/ rvision	1000 p	rate per copulation ed 0-17
а	At home	160	(122)	35.1	(30.7)	5.6	(4.2)
b	In other community placements	247	(234)	54.2	(58.8)	8.7	(8.1)
С	In residential accommodation	49	(42)	10.7	(10.5)	1.7	(1.5)
d	Total being looked after excluding		(.= /		(1010)		(,
	respite	456	(398)	100.0	(100.0)	16.0	(13.8)
е	Children aged under 12 in residential						
_	accommodation	4	(3)			1.6	(1.5)
f	Total children aged under 12 looked after excluding			Page 1			
g	respite Children receiving	247	(203)

ROADS & LIGHTING

Carriageway Condition

Indicator 1: % of the road network that should be considered for maintenance treatment:

i	A Class Roads	21.0	(24.9)
ij	B + C Class Roads	44.6	(60.3)
iii	Unclassified Roads	61.8	(58.4)
iν	Overall	47.8	(47.0)

Repairs Response

Indicator 2: Traffic lights failure: elapsed time from notification to the Council to the completion of the repair:

a b	Local target time for repair Average time for repair % of jobs completed within 48 hours	48 hrs 5 hrs FTR	(48 hrs) (5 hrs) (100.00)
С	% of jobs completed within 48 hours	FIR	(100.00)

Indicator 3: Street lights failure: elapsed time from notification to the Council to the completion of the repair:

а	Local target time for repair	2 days	(2 days)
b	Average time for repair	2 days	(2 days)
С	% of jobs completed within 7 days	97.0	(98.0)

Indicator 4:

% of street lighting columns >30 years old 33.2 (N/A)

Bridges

Indicator 5: As a % of the total number of assessed bridges, the number of Council and private bridges that:

а	fail to meet the European standard of		
	40 tonnes	23.7	(N/A)
b	have a weight or width restriction placed		
	on them	23.7	(N/A)

CULTURAL AND COMMUNITY SERVICES

Sport and Leisure Management

Indicator 1: Number of attendances per 1,000 population for pools:

All pools 4,144 (4,309)

Indicator 2: Number of attendances per 1,000 population for other indoor sport and leisure facilities, excluding pools in a combined complex: 4,877

Museums

Indicator 3:

a	Number of museums operated of		
	financially supported by the Council	5	(5)
b	% of museums registered under the		
	Museums and Galleries Commission	1	
	(MGC) registration scheme	100	(100)

Libraries

Processing Time

Indicator 4: The average time taken to satisfy book requests:

11 days (11 days)

			ver

Indicator 5: Changes in library stock: (a) (b)							
	Adult lend	ding stock of		(/			
		audio-visual aterial	Children's and teenage material				
Opening Stock/				9			
1000 population	2,042	(2,005)	827	(813)			
Additions:							
/1000 population:							
National Target:		(000)		(100)

Use of Libraries

Indicator 6: Borrowers from public libraries: a Borrowers as a % of the resident		
population	26	(26)
b Average number of issues per		
borrower	24	(24)
Indicator 7: Learning centre and learning access point users: a Number of users as a % of the resident population	12	(7)
 Number of times the terminals are 		

WASTE MANAGEMENT

used per 1,000 population

Refuse Collection

1,273

(1,078)

Indicator 1: The net cost of:

a Collection (combined domestic, commercial and domestic bulky uplift) per premise 45.7 (N/A)
b Disposal per premise 68.3 (N/A)

Indicator 2: Special uplift service for bulky domestic refuse:

Percentage of uplifts completed within 5 working days 99.6 (98.7)

Indicator 3: Refuse Collection complaints:

i	Number of complaints	1,613	(1,733)
ii	Number of households	72,210	(74,012)
iii	Complaints per 1000 households	22.3	(23.4)

Refuse Recycling

Indicator 4: The amount of waste that was disposed of by the following methods:

			es per ehold		of otal
j	Used for recovery of heat, power and other energy sources	0.42	(0.40)	42.9	(42.4)
ii	Composted by the authority	0.05	(0.04)	5.3	(4.0)
iii	Other recycling or recovery methods	0.12	(0.08)	12.4	(9.7)
iv	Landfill	0.30	(0.32)	31.5	(35.6)
٧	Other methods Total	0.08 0.97	(0.07) (0.91)	7.9 100.0	(8.3)

(4,124)

Cleanliness

Indicator 5: The cleanliness index achieved following inspection of a sample of streets and other relevant land:

Cleanliness index 66 N/A

PROTECTIVE SERVICES

Food Safety: Hygiene Inspections

Indicator 1: The number of establishments in each of the following categories requiring inspection during the year and the % of these which were inspected within the prescribed period:

Minimum Inspection Frequency		umber Inspected	% Actually Inspected		
6 months	21	(25)	100.0	(92.0)	
12 months	200	(183)	100.0	(95.6)	
> 12 months	513	(341)	91.8	(62.2)	

Workplace Safety

Indicator 2: Risk Categorisation:

а	The number of premises liable to inspection	2,584	(2,623)
b	The percentage of (a) which have been		
	brought within an inspection rating system	100	(100)

Inspection Programme:

	Locally Determined Target Inspection Frequency	Premis	nber of ses in this tegory	Num to Inspe	be	% Insp Within	
a	High - 18 Months	68	(51)	41	(20)	97.6	(75.0)
ь	Medium - 36 Months Low - 60	760	(638)	368	(237)	94.0	(65.0)
Ī	Months	883	(1,024)	-	(114)	-	(71.1)
d	Low - 84 Months	873	(910)	-	(15)	-	(73.3)

Environmental Protection

Indicator 3: Noise Complaints:

i ii	total number of complaints % settled on day of receipt	504 81.8	(531) (90.4)
iii	number of complaints requiring further action	427	(409)
iv	% completed within 14 days	67.9	(72.0)

Pest Control

Indicator 4: Pest control response time:

		National sponse Time	% of Responses which met the Target		
High priority	2	(2)	99.8	(100.0)	
Low priority	5	(5)	100.0	(100.0)	

Enquiries, Complaints and Advice

Indicator 5: Percentage of enquiries, complaints and advice requests completed in the following time bands:

	Consumer Enquiries %	Consumer Complaints %	Business Advice Requests %
Number received	177	1,881	262
Same day/14 days	162 91.5 (96.3)	1,665	259
% dealt with same day % dealt with within 14 days	91.5 (96.5)	91.9 (97.8)	98.9 (99.3)

Inspection of Trading Premises

Indicator 6: coverage:	Premises	liable	to inspe	ection:	target	and	actual
coverage.				of Risk			
	High		Me	dium		Lov	٧
(i) Locally determined target visit frequency (ii) Number of premises		(12 mths)		(24 mths)			(60 mths)
in this category (iii) Target	20	(N/A)	748	(N/A)	2,00	01	(N/A)
total number of visits (iv) Percentage	20	(N/A)	374	(N/A)	566	6	(N/A)
of (iii) actually achieved	85	(N/A)	86.1	(N/A)	78.	8	(N/A)

CORPORATE MANAGEMENT

Sickness Absence

Indicator 1: Number of days lost through sickness absence as a % of total working days:

а	Chief Officers, administrative,		
	professional, technical and clerical employees	5.9	N/A
b	Craft and manual employees	7.5	(7.1)
С	Teachers	5.0	(5.1)

Litigation Claims

Indicator 2: The number of civil liability claims incurred by the Council in the year:

а	Number of claims per 10,000 of the		
	population	37.7	(40.4)
b	Civil liability claims as a % of the		
	Revenue Budget	0.3	(0.1)

Equal Opportunities Policy

Indicator 3: The number and percentage of the highest paid 2% and 5% of earners among Council employees, that are women:

	566 1		
% of women employees in top 2%	April 1	23.6	(20.6)
% of women employees in top 5%		20.8	(23.3)

Public Access

Indicator 4: Number of Council buildings from which the Council delivers services to the public and the percentage of these in which all public accesses are suitable for and accessible to disabled people:

а	Number of premises	182	N/A
b	% suitable for disabled people	75%	N/A

Council Tax Collection

Indicator 5: The cost of collecting
Council Tax per chargeable dwelling 28.22 (2:

Council 12	ix per cria	geable	uweiling		20.22	(23.	40)
			Income	9			

Indicator 6: a The income due from Council Tax for the year, excluding reliefs and rebates: 41.1m (39.7m) b The % of (a) that was received during the year 87.1 (86.2)

Indicator 7:

The income due from Non-Domestic Rates for the year,

59.4m (57.7m)

excluding reliefs and rebates
The % of (a) that was
received during the year

96.4

Payment of Invoices

Indicator 8: Percentage of all invoices paid within 30 days

93.7 (95.8)

(95.9)

BENEFIT ADMINISTRATION

Indicator 1: Gross

administration cost per case

88.06

(86.09)

Indicator 2: The time for processing applications from the date of receipt of the application to the posting of the notification of the

outcome: Type of Claim

Number of Claims

Average Time to Process

New Claims Notification of changes of circumstance

16,775 (24,451)

57 dys (82 dys)

50,139 (56,583) 21 dys (26 dys)

Indicator 3

a Percentage of cases for which the calculation of the amount of benefit due was correct on the basis of the information available at the determination for a sample of cases checked post-determination

96.4

FTR

95.8

The percentage of recoverable overpayments (excluding Council Tax Benefit)that were recovered in the year

(FTR)
