

REPORT TO: FINANCE COMMITTEE - 13 FEBRUARY 2006

REPORT ON: REVENUE MONITORING 2005/2006

REPORT BY: DEPUTE CHIEF EXECUTIVE (FINANCE)

REPORT NO: 98-2006

1 PURPOSE OF REPORT

- 1.1 To provide Elected Members with an analysis of the 2005/2006 Projected Revenue Outturn as at 31 December 2005 monitored against the adjusted 2005/2006 Revenue Budget.

2 RECOMMENDATION

- 2.1 It is recommended that the Elected Members:

- a note that the overall General Fund 2005/2006 Projected Revenue Outturn as at 31 December 2005 shows an overspend of £19,000 against the adjusted 2005/2006 Revenue Budget.
- b note that the Housing Revenue Account Projected Outturn is projecting an overspend of £584,000 against the adjusted 2005/2006 Revenue Budget.
- c agree that the Depute Chief Executive (Finance) will take every reasonable action to ensure that the 2005/2006 Revenue expenditure is below or in line with the adjusted Revenue Budget.
- d instruct the Depute Chief Executive (Finance) in conjunction with all Chief Officers of the Council to continue to monitor the Council's 2005/2006 Projected Revenue Outturn.

3 FINANCIAL IMPLICATIONS (see Appendix A)

- 3.1 The overall projected 2005/2006 General Fund Revenue outturn position for the City Council shows an overspend of £19,000 based on the financial information available at 31 December 2005. A system of perpetual detailed monitoring will continue to take place up to 31 March 2006 with the objective of the Council achieving a final outturn which is below or in line with the adjusted 2005/2006 Revenue Budget.
- 3.2 It should be noted that the Contingency provision for unforeseen or emergency expenditure within the 2005/2006 Revenue Budget is only £200,000, therefore departments are expected to review expenditure and income to ensure that the actual outturn is in line with the 2005/2006 Revenue Budget.
- 3.3 The Housing Revenue Account outturn position for 2005/2006 is currently projecting an overspend of £584,000 based on the financial information available for the period to 31 December 2005. This overspend will result in a corresponding transfer from the Renewal and Repair Fund. The outturn position will then be in line with the adjusted 2005/2006 Housing Revenue Account budget.

4 LOCAL AGENDA 21 IMPLICATIONS

None.

5 EQUAL OPPORTUNITIES IMPLICATIONS

None.

6 BACKGROUND

- 6.1 Following approval of the Council's 2005/2006 Revenue Budget by the Special Finance Committee on 10 February 2005 this report is now submitted in order to monitor the 2005/2006 Projected Revenue Outturn position as at 31 December 2005, against the adjusted 2005/2006 Revenue Budget.
- 6.2 The Final 2005/2006 Revenue Budget included a contingency provision of £200,000 to cover any unforeseen items of expenditure, which may occur during the course of the financial year. As at 31 December 2005, £83,000 of this provision has been spent and it is anticipated that the remainder of that this money will be fully committed by the end of the financial year.

7 GENERAL FUND - REASONS FOR VARIANCES

- 7.1 Appendix A shows the variances between budget and projected outturn for each department/service of the Council and the following paragraphs identify the main areas of variance by department along with appropriate explanations.
- 7.2 It should be emphasised that this report identifies projections based on the first nine months of the financial year to 31 December 2005. The figures are therefore indicative at this stage and are used by the Chief Executive, Depute Chief Executive (Finance) and Chief Officers to identify variances against budget and enable corrective action to be taken as appropriate.

Overspends

7.3 Social Work (£515,000)

There is a projected overspend of £259,000 within the Community Care budget mainly due to an overspend within the care home placements budget which is partly offset by underspends in staff costs and new monies. In addition, expenditure within Children's Services is £179,000 over budget mainly due to an increase in the number of children being looked after in the Family Placement Scheme and the effect of fee increases for Residential and Secure Care being greater than inflation. An overspend caused by the non-achievement of budgeted staff slippage targets as a result of the successful recruitment of Social Work posts is offset by additional resources for Youth Justice initiatives. In addition to this, the remainder of the overall departmental variance includes various other miscellaneous overspends.

7.4 Economic Development (£433,000)

The overspend is due to the anticipated shortfall in the level of external rental income that will be received this financial year. The Director of Economic Development has advised that the budgeted rental income is not achievable given the current commercial/industrial rental market situation. In addition to this, the department is projecting a shortfall in the level of advertising income that will be achieved.

7.5 DCS - Contracting Activities (£405,000)

Due to reductions in the level of turnover, actual outturn to December indicates that DCS - Contracting Activities will not achieve its budgeted surplus in full. A review of investment requirements is currently being undertaken with a view to deferring purchases that will result in savings during the current financial year. In addition, the Director of Dundee Contract Services is targeting reductions in overhead expenditure, which will generate savings of £250,000 per annum.

7.6 Waste Management (£95,000)

This relates mainly to a projected overspend in third party payments due to the increased cost of recycling and disposing of cyclone and filter ash from the DERL waste-to-energy plant following the renegotiation of this contract (£279,000). This anticipated overspend will be offset by various budget underspends and additional income.

Underspends

7.7 Education (£680,000)

The projected underspend reflects savings arising from the impact of falling school rolls and delays in appointing Business Managers. This equates to less than 1% of the Education Department's net revenue budget of £97m.

7.8 Finance Revenues (£280,000)

The projected underspend reflects additional income of £141,000 not included in the department's budget for fraud initiatives. In addition, the department are projecting that the level of benefit subsidy income received from the Department for Work and Pensions will be £200,000 greater than budgeted as a direct result of benefits administration being up to date. The above additional income is offset by various other miscellaneous overspends anticipated by the department.

7.9 Environmental Health & Trading Standards/Scientific Services (£111,000)

The above relates mainly to staff costs where due to unfilled vacancies the department anticipate that an underspend will be achieved.

7.10 Communities (£110,000)

The above relates mainly to staff costs where due to non-filling of vacancies the department anticipate that an underspend will be achieved.

7.11 Capital Financing Costs/IORB (£106,000)

The above relates to additional income that is projected from interest on revenue balances.

7.12 Finance General (£68,000)

This is mainly due to a projected underspend in staff costs because of unfilled vacant posts together with various other miscellaneous underspends.

8 HOUSING REVENUE ACCOUNT - REASONS FOR VARIANCES

The approved 2005/2006 Housing Revenue Account Revenue Budget was reduced by £1,000,000 in the submission to meet the Scottish Housing Quality Standard. The Housing Revenue Account overall position for 2005/2006 is projecting an overspend of £584,000 as compared with the adjusted 2005/2006 Revenue Budget. This overspend is mainly due to the level of repairs and relets currently being carried out together with a shortfall in budgeted rental income due to increased council house sales.

9 CONCLUSION

As in previous years, the Depute Chief Executive (Finance) will work with all Chief Officers of the Council to monitor the Council's 2005/2006 Revenue expenditure and, through prudent budget management, take every reasonable action to achieve an outturn position at or below the approved 2005/2006 Revenue Budget.

10 CONSULTATIONS

The Chief Executive, the Depute Chief Executive (Support Services) and all other Chief Officers have been consulted in the calculation of projected outturns included in this report, insofar as they apply to their own individual department.
