Location

Dundee Technopole is situated adjacent to the University of Dundee and the Wellcome Trust Biocentre. This is a strategic site within the City identified for technology and research related development. The majority of the current occupiers fall within the Biotechnology sector although the site is designed to accommodate technology and research related projects from a number of key sectors.

Environment

Technopole is a strategic site within the City designated for technology and research. Most of the occupiers are in the Biotech sector, however the s

Site

Phases 1 and 2 of Technopole are now complete, with Dundee City Council having carried out extensive works, including demolition, construction, lands

Development Options

Five development sites are available in a range of sizes. The layout of the site would easily permit 2 or more sites being combined for larger develo
