Top tip

All cooked and uncooked food waste can go into your kitchen caddy. This includes out of date food.

1 Line your caddy with a compostable liner, a plastic bag or newspaper.

2 Put all cooked and uncooked food waste (including bones) into your kitchen caddy.

3 When the liner is almost full, tie and remove from the kitchen caddy and replace with a new liner.

4 Place the full liner into your kerbside caddy.

5 Place your outdoor caddy at the kerbside on your collection day and we will collect it.
