

Last, but not least, Riverside Nature Park, Dundee's newest green space. A fantastic resource for visitors to see rare and more common bird and invertebrate species and an abundance of wildflower in a rich variety of habitats. The park also provides an excellent vantage point from which to see magnificent views of the River and the City.

There are also the University of Dundee's excellent Botanic Gardens, where plants from across the world are grown and displayed in an expertly-tended environment.

The West End is also blessed with a number of superb parks. Balgay park is home to the Mills observatory, Britain's only full-time public observatory, which runs an excellent programme of activities and educational programmes. Victoria/Balgay Park is also one of the most beautiful green spaces in the city. Magdalen Green offers excellent views of the River Tay and is the location of the iconic bandstand, where summer concerts draw enthusiastic crowds.

West End Ward landmarks include the Perth Road shopping area and Cultural Quarter, the Rep, DCA and Dundee Science Centre, Dundee University Campus, Ninewells Hospital, the Technology Park and Dundee Airport.

The West End Ward has a population of approximately 22,500 people. It is bounded by the River Tay to the south, stretching from Invergowrie Bay to the fringes of the City Centre. The north boundary winds along Lochee Road and Ancrum Road.
