

5 SCOTTISH COUNCILS COMMITTEE ON RADIOACTIVE SUBSTANCES (AN101-2009)

Reference is made to Article III of the minute of meeting of the Policy and Resources Committee of 20th February, 2006 wherein it was reported for information and record purposes that following a meeting of Local Authority representatives and the then Scottish Executive, Councillor Regan had been appointed Chair of the Radioactive Waste Management Committee and Dundee had been appointed the lead authority.

It is reported that the Committee has now been named the Scottish Councils Committee on Radioactive Substances and the Council is asked to formally approve the appointment of Bailie Regan as this Council's representative with an appropriate adviser to be appointed from within the Council.
