

## **11 DUNDEE FLOWER AND FOOD FESTIVAL 2009 (AN104-2009)**

The Committee is asked to note that the Flower and Food Festival 2009 will be incorporating a Forestry Commission Marquee for the first time. The "Woodlands4Yew" will host exhibitions and points of interest highlighting forestry, trees and woodland awareness. Previously, the Forestry Committee have staged their own annual Woodfair in different parts of Scotland but have requested to be part of the Flower and Food Festival in 2009. This will be introduced this year as a trial and reviewed for future years.
