

8 SMALL TRAILERS IN CAR PARKS (AN16-2003)

There has been many instances in Catherine Street Car Park of caravans being abandoned and vandalised. The parking of small trailers is permitted in only a few of the car parks in the City and such use is minimal. It is proposed therefore to remove this facility from the Dundee City Council (Off-Street Car Parks) Order 1996. The following car parks are affected:-

Catherine Street
Coupar Angus Road (Lochee Shopping Centre)
Discovery Quay Bus Park
James Street
Roseangle
East Whale Lane
Hunter Street
Seabraes.

The Committee is asked to approve the preparation of a Traffic Regulation Order to prohibit parking small trailers in City Council car parks.

The new signing required to prohibit caravans will be funded from the Car Park Trading Account.
