

## **12      COMMUNAL CLEANING - TENEMENTAL HOUSING STOCK (AN229-2006)**

Dundee City Council provides a very popular communal cleaning service to approximately 3,500 Council tenants via Tayside Contracts.

The Committee is asked to approve that the weekly charge for this service increases from £1.30 to £1.35 with effect from 1st July, 2006. This service is operated on a break even basis and the increase in the service charge arises from an increase in Tayside Contracts costs for providing the service.
