

5 LEISURE AND ARTS DEPARTMENT - HERITAGE SECTION - CHANGES TO ESTABLISHMENT (AN289-2004)

The McManus Gallery and Museum Project is developing to an extent where it is considered necessary to amend the working arrangements of a number of posts.

The Principal McManus Officer is fully engaged on McManus operations and the development of the Barrack Street Collections Unit and, as a consequence, is unable to cover the Natural History element of the display.

To alleviate this problem, the Committee is requested to approve the following:-

- (i) the establishment of a post of Heritage Officer (Natural History), at a grade of AP3-5, £17,340 - £24,396;
- (ii) the deletion of a vacant full time post of Heritage Officer (Mills Observatory), graded AP3-5, £17,340 - £24,396, and replaced with a part time post of 18.5 hours at the same grade; and
- (iii) the deletion of a vacant full time post of Heritage Officer (Early History), graded AP3-5, £17,340 - £24,296, and replaced with a part time post of 18.5 hours at the same grade.

There are no financial implications arising from the above proposals.
