

7 DOUGLAS SPORTS CENTRE LOCKER REPLACEMENT (AN337-2002)

As part of the refurbishment programme of the Douglas Sports Centre a quote from a specialist supplier, Prospect Limited, Rotherham, for the supply and installation of lockers was received.

The existing lockers are in a state of disrepair and due to their small size do not meet customer needs in storage of sports bags etc. The style and quality of the proposed lockers are similar to the ones which are incorporated at DISC and these have proven to be of good quality and sound design and together with the experience of minimal maintenance costs and good back up from the company, the new lockers will assist in meeting customer needs at the facility.

The quotation included for 75 lockers of various styles for public use at a total cost of £8,005.

There is an allowance for the works within the Leisure and Arts Department capital budget.

It is recommended that the quotation be accepted.
