

10 LEISURE AND ARTS DEPARTMENT - ESTABLISHMENT OF POST OF MUSIC SPECIALIST (AN372-2004)

In February 2003, the Scottish Executive made £17.5 million available to improve the quality and availability of musical experiences to young people in Scotland.

The Early Years Music Club is a 6 month project to deliver high quality music sessions to parent-toddler groups in Dundee. The project will be delivered by a music specialist employed on a full time basis for a period of 6 months.

The Committee is, therefore, requested to approve the establishment of a post of Music Specialist, graded AP2/4 (£15,582 - £21,732), for a period of 6 months commencing in January 2005.

The total salary cost for the 6 month period will be £9,529 and will be met in full through external funding from the Scottish Executive.
