

8 DUNDEE CITY COUNCIL (BROOK STREET, BROUGHTY FERRY, DUNDEE) (VARIATION OF TRAFFIC REGULATIONS) (AN401-2005)

Reference is made to Article IV of the minute of meeting of this Committee on 15th August 2005 when approval was granted to make the above Order subject to the deletion of reference to Fisher Street.

Subsequently at the design stage it has been determined that the provision of two bus stops in Brook Street between Fort Street and Gray Street is problematic and it would be better if only one was provided in the central build out. As a result the build out at the eastern end can be shortened thus creating an additional parking space on both sides of the road.

Committee is requested to approve this change which is a relaxation to the original proposals before the Order is formally made so that the amendment can be included in the programmed works.

In view of the timescales involved, this item was approved by Director of Planning and Transportation in consultation with the convener and spokespersons of the other groups.
