

Reference was made to Article XI of the minute of meeting of this Committee of 10th May, 2021, wherein the Committee agreed to stop-up areas of roads, footpaths and footways in Murrayfield Drive, Dundee.

There was submitted Agenda Note AN44-2021 reporting that the Order was duly prepared and advertised in the Evening Telegraph and The Edinburgh Gazette, that the relevant statutory undertakers were consulted and no objections were received.

The Committee agreed to authorise and confirm the Stopping-Up Order, and authorise formal publication of the confirmation, after which the Order would become operative.
