16/2008 - Land At Darkfalls, 1 Castleroy Road, Broughty Ferry, Dundee

Members are asked to note that on 15th December, 2008, the Council made a provisional Tree Preservation Order on the above mentioned site. The site is not located within a Conservation Area, therefore there was no protection for the trees. The Council's Forestry Officer considered that they merited protection and also wished to preserve the arboreal amenity of the area.

There was one objection to the provisional Tree Preservation Order. This was from the agent of the owner of the site. He requested that trees T4 - Deodar Cedar and T6 - Lawson Cypress be removed from the Order as they are of poor condition and have a limited useful life. The Council's Forestry Officer has reconsidered his decision to include these trees in the said Tree Preservation Order and recommends that they are deleted.

The agent requests that the Order should adopt the tree numbers as indicated in a tree report he had completed in 2007. It is Council practice to number the protected trees from number one onwards. It is also for ease of understanding for the general public. Therefore, the trees will remain numbered as one, two etc.

This Tree Preservation Order has been presented with modifications.

Members are asked to authorise the Depute Chief Executive (Support Services) and the Director of Planning and Transportation to undertake the necessary procedures and confirm the above Tree Preservation Orders.

Copies of the maps will be placed in the members' lounges.
