

4 CORPORATE PLANNING DEPARTMENT - TRANSFER OF POST (AN92-2004)

In order to assist the Assistant Chief Executive (Community Planning) in meeting the demands of the Community Planning agenda, a Senior Policy Planning Officer was seconded to the Department from the Social Work Department for an initial period of eight months from 1st August, 2003 to 31st March, 2004.

As a result of the increasing complexity and demands upon the department, the Assistant Chief Executive (Management) and the Director of Social Work have agreed that the post and postholder should be transferred to Corporate Planning. The postholder is in agreement with this proposal.

Accordingly, the Committee is requested to approve the transfer of the post of Senior Policy Planning Officer from Social Work to Corporate Planning.

The cost of this proposal in a full financial year will be met from a transfer of budget from the Social Work Department.
