

## **8 DISC - VARIOUS WORKS (AN99-2003)**

The existing floor covering at the foyer and changing facilities at DISC requires to be replaced as the areas are becoming torn and generally the changing areas are becoming unsightly and difficult to clean. These areas are subject to a high level of usage.

A quote has been received from Specialist Flooring Contractor, John Swan, Birkhill, Dundee for the uplift of the existing final, laying down ply wood and screed as required and the supply and fitting of a compact floor finish which has been specially impregnated with chemicals to ease the cleaning of the corridor and has a guarantee of ten years. The cost of £14,974.19.

It is recommended that the quotation be accepted.

In addition to the above a replacement dug out is required for the outdoor pitches at DISC. In order to ensure unity of design a quote was requested from Hunter Building & Civil Engineering Contractors for the supply and assembly of a dug out all for £4,888.

It is recommended that this quote be accepted.

Both the flooring and the dug outs can be contained within the 2002/03 Capital Budget for Leisure and Arts
