

**REPORT TO: ENVIRONMENTAL SERVICES & SUSTAINABILITY COMMITTEE
16th FEBRUARY 2004**

REPORT ON: PURCHASE OF COLLECTION VEHICLES FOR RECYCLATES

REPORT BY: HEAD OF WASTE MANAGEMENT

REPORT NO: 148-2004

1.0 PURPOSE OF REPORT

- 1.1 To approve the purchase of 1 recycling vehicle for the collection of compostable material and 1 recycling vehicle for domestic kerbside collections for use within the Waste Management Department.

2.0 RECOMMENDATIONS

- 2.1 It is recommended that the committee accept the following offers: (as highlighted in the attached summary).

- | | | |
|-----|------------------------------|-----------------------------|
| i) | kerbside collection vehicle- | Terberg Matec UK Ltd |
| ii) | compost recycling vehicle - | Faun Municipal Vehicles Ltd |

3.0 FINANCIAL IMPLICATIONS

- 3.1 Funding for both vehicles is to be provided from the National Waste Strategy

- 3.2 The price of each vehicle is as follows:

- | | | |
|-------|------------------------------|-------------|
| i) | kerbside collection vehicle- | £101,590 |
| ii) | compost recycling vehicle - | £126,169 |
| Total | | - £227,759. |

4.0 DUNDEE 21 IMPLICATIONS

- 4.1 Health is protected by creating a safe clean pleasant environment.
- 4.2 Pollution is limited to levels with which the natural systems can cope.

5.0 EQUAL OPPORTUNITIES IMPLICATIONS

- 5.1 Under Local Government Act 1988, suppliers were required to complete and return a questionnaire to ensure that their business complies fully with the Race Relations Act 1976. All companies listed comply fully with the Act.

6.0 MAIN TEXT

- 6.1 The Waste Management Department is seeking to increase its recycling rate by extending the existing collection of botanical waste and introducing a domestic kerbside collection system for glass, cardboard, metals and textiles.
- 6.2 Dundee City Council went out to tender in November 2003 to seek the best and most cost effective vehicle type. Attached is a summary of the tender returns.

- 6.3 The kerbside vehicle recommended for purchase is compatible with the existing glass recycling vehicle currently in operation. This vehicle will also be fitted with an electronic retarder which will increase brake lining life, reduce braking noise and dust residues from brake linings.
- 6.4 The compost collection vehicle recommended for purchase is compatible with the existing compost collection vehicles within the department.
