

REPORT TO: CITY GOVERNANCE COMMITTEE – 28 OCTOBER 2024
REPORT ON: REVENUE MONITORING 2024/2025
REPORT BY: EXECUTIVE DIRECTOR OF CORPORATE SERVICES
REPORT NO: 244-2024

1 PURPOSE OF REPORT

1.1 To provide Elected Members with an analysis of the 2024/25 projected revenue outturn as at 31 July 2024 and the impact on the Council’s overall balances position.

2 RECOMMENDATIONS

2.1 It is recommended that the Committee:

- (a) note that as at 31 July 2024 the General Fund is projecting an overall overspend of £4.364m against the adjusted 2024/2025 Revenue Budget and the impact this has on the projected Council’s General Fund Balances;
- (b) approve the recovery plans totalling £1.320m set out in paragraph 3.2 and note if implemented this would reduce the above projected overspend to £3.044m;
- (c) note the budget adjustments totalling £3.049m and detailed in the second column of Appendix A as virements to the previously approved Revenue Budget;
- (d) note that as at 31 July 2024 the Housing Revenue Account (HRA) is projecting an overspend of £0.915m against the adjusted HRA 2024/25 Revenue Budget and the impact this has on the element of the projected Renewal & Repair Fund balance earmarked to HRA;
- (e) note the key strategic, operational and financial risks being faced by the Council outlined in Appendix B;
- (f) note that the Chief Executive and Executive Directors will continue to take appropriate steps to manage current and recurring revenue expenditure, including reviewing vacancies and any new recurring commitments, reducing expenditure and reviewing service provision; and
- (g) notes the current position on Leisure and Culture Dundee (LACD), as set out in paragraph 7.1.

3 FINANCIAL IMPLICATIONS

3.1 The unallocated portion of the General Fund as at 31 July 2024 is projecting an overspend of £4.364m against the adjusted 2024/25 Revenue Budget. The impact this would have on the Council’s General Fund Balances is outlined below:

General Fund	Opening Balance 1 April 2024 £000	(Surplus) / Deficit for the Year £000	Projected Balance 31 March 2025 £000
Earmarked Carry-forwards*	4,124		4,124
Organisational Change Fund	2,388		2,388
Covid cost related pressures*	2,750	700	2,050
Covid recovery measures	405		405

Service change initiatives	5,000		5,000
Roof Remedial Works	2,702	1,771	931
Cost of Living Pressures	200		200
Contribution to 2024/25 budget	6,640	6,640	0
Other Earmarked Funds	3,934		3,934
Service concessions flexibility	39,773		39,773
Total earmarked funds	67,916	9,111	58,805
Unallocated Balance	9,815	4,364	5,451
Total General Fund	77,731	13,475	64,256

* These balances will be drawn down as required during the year.

- 3.2 To address the above projected overspend, officers have identified potential savings amounting to £1.320m. These are set out in the table below and recommended for approval. Subject to this agreement this would reduce the projected overspend to £3.044m.

Officers are also exploring the extent to which uncommitted grants of £1.685m in City Development can be used to offset the overspend and a further update will be provided to Committee.

Detail	Total Saving £000
Chief Executive - reduce marketing activities	10
City Development - capitalisation of property costs that meet eligibility criteria	250
Neighbourhood Services – increase charges for temporary accommodation (please note this item is subject to ongoing consideration and further information will require to be provided to committee prior to implementing any changes)	240
Corporate – use of unallocated general fund contingency	436
Corporate – use of earmarked reserves	384
Total	1,320

- 3.3 The approved budget included an allowance of 3% for the 2024/25 pay awards for both LGE and teachers. Provision for this is included within contingencies and has not yet been allocated to service budgets. It should be noted that CoSLA's pay offer for LGE staff, of either 3.6% or an uplift of £0.67 per hour where this would be higher, will be implemented. It should be noted that in overall terms, the pay offer has been estimated to be an average increase of 4.27%. The latest pay offer for teachers is also 4.27%, effective from 1 August 2024. Also, to be noted is the receipt from Scottish Government of an additional £0.601m relating to last year's pay awards that have already been paid. This funding has been included in this report, with the assumption that this will cover any pay award over 3%. Officers will reflect in future reports the actual increase once pay negotiations are concluded.
- 3.4 Based on the financial information available as at 31 July 2024 the HRA outturn position for 2024/25 is projecting an overspend of £0.915m. Further details are provided in section 8 of this report.

4 BACKGROUND

- 4.1 Following approval of the Council's 2024/25 Revenue Budget by the City Governance Committee on 29 February 2024, this report provides the projected revenue outturn position as at 31 July 2024, against the adjusted 2024/25 Revenue Budget.

4.2 The total 2024/25 Revenue Budget is £468.789m. For revenue monitoring purposes, the Council Tax Reduction Scheme budget of £13.772m is moved from expenditure to income and netted off against Council Tax income. This results in total budgeted expenditure of £455.017m for revenue monitoring purposes, as set out in Appendix A.

4.3 This report provides a detailed breakdown of service revenue monitoring information along with explanations of material variances against adjusted budgets. Where services are projecting a significant (underspend) or overspend against adjusted budget, additional details have been provided. Where service expenditure is on target and no material variances are anticipated, additional information has not been provided.

4.4 The forecast position is shown in more detail in the appendices to this report, as follows:

Appendix A shows the variances between budget and projected outturn for each service of the Council.

Appendix B lists the key strategic, operational and financial risks being faced by the Council.

5 GENERAL FUND SERVICES - MONITORING POSITION AS AT 31 JULY 2024

5.1 The forecast position as at 31 July 2024 for General Fund services is summarised below.

	(Under)/Over Spend as at 31 July £m	(Under)/Over Spend as at 30 June £m	Movement (from previous month) £m
Net Expenditure	4.446	4.923	(0.477)
Sources of Income	(0.082)	(0.150)	0.068
Net projected reduction uncommitted balances	4.364	4.773	(0.409)

The graph below details the comparison between each service's actual spend and projected outturn.

The graph below shows the projected variance over the reported periods.

5.2 The table below details the key factors which contributed to the movement from previous month.

	£m
Projected increase in the overspend mainly within Children Services third party payments as a result of increased residential school placements, an increased number of families in receipt of Self Directed Support and fostering and adoption fee increases	0.250
Additional costs incurred within City Development property costs relating to urgent repairs in Morgan Academy	0.220
Projected underspend in Construction mainly relating to underspends within Supplies and Services	(0.178)
Increase in the projected underspend within City Development's staff costs	(0.300)
Additional income from recoveries of architect services fees in 2023/24	(0.429)

6 DETAILED ANALYSIS

The following paragraphs summarise the main areas of variance by service along with appropriate explanations. These figures reflect movements for the full year to date.

6.1 Children & Families Services: £1.733m overspend

	£m
Projected overspend in LGE mainly as result of demand for Additional Support Needs staff	1.294
Projected increase in Non-Domestic Rates payable due to the increase in poundage rate for properties with Intermediate and Higher rateable values	0.544
Projected overspend mainly within Children Services third party payments as a result of increased residential school placements, an increased number of families in receipt of Self Directed Support and fostering and adoption fee increases	0.448
Additional income relating to funding for unaccompanied asylum-seeking children	(0.618)

Please note that a detailed review of teacher numbers and costs is currently underway, the results of which will be reflected in a future Revenue Monitoring report. In the meantime, the working assumption contained within this report is the teacher's budget will break even.

The Children and Families budget includes an assumption of £4.032m of grant funding for teachers that is dependent on maintaining teacher numbers. The basis of determining these and the application of exceptions, for example, in relation to Scottish Equity Funding and Pupil Equity Funding, is the subject of ongoing discussions between COSLA and the Scottish Government. Officers will continue to monitor this and further updates will be provided to Committee as more information becomes available.

6.2 Dundee Health & Social Care Partnership (DHSCP)

The latest financial monitoring report presented to Dundee IJB projects an overspend of £6.197m for 2024/25 (utilising actual info for first 3 months to end June), with this information presented to Dundee IJB at its meeting on 21st August 2024. This projected overspend exceeds 2024/25 IJB Financial Plan where up to £4m has been identified and set aside in IJB Reserves to cover the planned in-year shortfall. While sufficient general Reserves are held to fund this additional overspend if required, a Financial Recovery Plan is being progressed to minimise the unplanned overspend and also return the IJB to a sustainable annual financial position.

DHSCP is continuing to respond to significant operational challenges in demand and demographics (notably the growth in Care at Home provision as a result of shift in care to help mitigate against hospital delayed discharges, unnecessary hospital admissions, reduce social care unmet need and reduce Care Home beds), and in particular staffing challenges (both recruitment and retention, sickness absence and premium cost of back-fill cover), complexity of needs in community settings, and the wider impact of deferred treatments on health and wellbeing following the pandemic period, all of which continue to impact on the projected financial position. Operational managers and finance team continue work to explore ways of mitigating the overspend through efficiencies, cost reduction, transformation and savings opportunities and any impact of these actions will be reported in due course.

Under the risk sharing arrangement reflected in the Integration Scheme, the Integration Joint Board (IJB) retains any underspend within its reserve balances for investment in integrated health and social care services in future years. Sufficient Reserves are held by Dundee IJB to cover the projected 2024/25 shortfall therefore there is no anticipated additional contribution requirement or financial risk forecast in 2024/25 for Dundee City Council.

6.3 City Development: £0.908m overspend

	£m
Increase in projected overspend in property mainly due to costs of unplanned and health and safety related repairs, including £220k additional costs occurred for urgent works at Morgan Academy	1.590
Forecasted reduction in income relating to the decrease in off-street parking income	0.700
Funded by earmarked Covid reserve to meet associated loss of income	(0.700)
Reflects projected increased provision for bad debts mainly as a result of commercial rents	0.327
Additional rental income within Dundee House	(0.144)
Projected underspend in staff costs due to vacancies	(0.436)
Additional income from recoveries of architect services fees in 2023/24	(0.429)

The Executive Director of City Development is reviewing whether further staff slippage may offset some of the additional costs by the end of the year.

Dundee's Low Emissions Zone (LEZ) scheme was launched on 31 May 2024. It is noted that the Transport (Scotland) Act 2019 states that all income from the Low Emission Zone must be first used to facilitate the scheme. It is forecast that income from the LEZ will decline over time and revenue received in the first year will be set aside to contribute to future years costs of operating and maintaining the LEZ infrastructure. The total value of fines issued up to 25 August

2024 was £0.454m, relating to 5,599 contraventions. However, the value of payments received to the same date was £0.096m. This compares with an estimated cost of £0.230m for operating the LEZ in 2024/25.

Fines are issued at values ranging from £60.00 for first offence rising to £960.00 for fifth offence. There is a 50% reduction in the value if the fine is paid within 14 days. The gross value of £0.454m

does not include write-offs for exemptions or reductions due to early payment, or provisions for unrecoverable fines.

Following a government review in 2022 the level of planning fees has been increased. Officers are considering the impact of this and will report this in future reports. It is also noted the above position excludes any variance relating to Winter Maintenance which may occur if weather conditions are similar to previous years.

6.4 Neighbourhood Services: £2.057m overspend

	£m
Projected underspend in staff costs due to vacancies	(0.551)
Projected overspend in waste management third party payments, mainly relating to increased MEB Gates Fees, increased tonnage and forecasted lower electricity income expected to be gained from the excess revenue share for the waste to energy contract	1.035
Projected shortfall in income generated from trade waste and recyclables	0.250
Streetscene & Land Management: income mainly from projects, interment fees and ground maintenance activities are forecasted to be lower than budgeted	0.622
Reduction in expected income from old waste plant due operational issues and lower than expected electricity revenues due to ongoing market conditions	0.742

6.5 Construction Services: (£0.178m) underspend

	£m
Reflects that costs of materials and consumables in relation to priced works have been lower than anticipated	(0.178)

6.6 New Monies: (£1.790m) underspend

Reflects the share of additional £62.7m monies announced by Scottish Government after the budget was agreed that will now be used to replenish any balances used. In addition, the Council will receive a share of an additional £21.0m (£0.601m) which will go towards pay awards in excess of what has been budgeted.

6.7 Corporate Fleet: £1.910m overspend

Reflects the projected net overspend associated with the corporate fleet. The cost of the Council's fleet remains a budget pressure due to rising expenditure in relation to the external hire of vehicles used by services together with the cost of parts and materials for vehicle repairs. A review is underway to ensure the overall fleet utilised by services is in line with the budget provision available and that the true cost of fleet managed on behalf of external bodies is recovered accordingly. The review is ongoing and the outcome will be reported to members as part of future monitoring reports.

7 EXTERNAL ORGANISATIONS

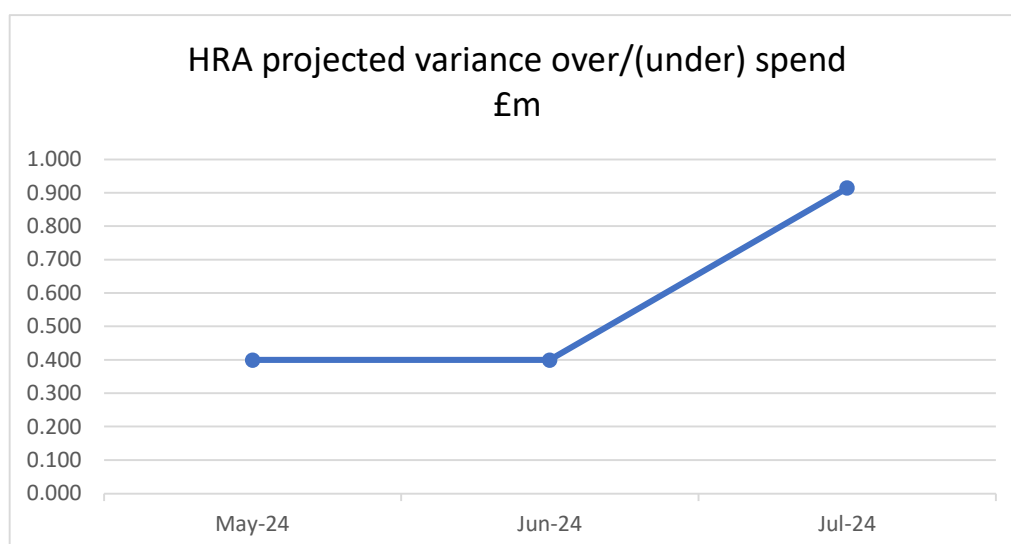

- 7.1 Leisure and Culture Dundee (LACD) suffered considerable income shortfalls during the Covid-19 pandemic, due to the effects of lockdowns and operating restrictions once facilities reopened. It is recognised that, whilst facilities are now fully operational, income levels will take some time to be restored to pre-pandemic levels. To provide certainty, stability and time for Leisure and Culture Dundee to develop a balanced budget from 2024/25 onwards Dundee City Council confirmed its continuing financial support to cover the deficit position for a period until 31 March 2024. In December 2023, it was further agreed that the Chief Executive be authorised to extend the support to Leisure and Culture Dundee to 30 June 2024 should this be necessary. The Council will also continue to undertake cash flow management support to LACD to allow it to remain in credit at all times, and therefore have sufficient cash to continue to operate, thus allowing it to proceed as a going concern and meet its everyday cash liabilities. Any additional financial support provided will be met from reserves.
- 7.2 Our budget includes the assumption that Tayside Contracts will return a surplus in 2024/25, our share of which will be £0.343m. Please note we have set aside an allowance for Tayside Contracts pay awards within our pay contingency and will track the cost of Tayside Contracts services against service and central budgets.

8 HOUSING REVENUE ACCOUNT - MONITORING POSITION AT 31 JULY 2024

- 8.1 The forecast position as at 31 July 2024 for the HRA is summarised below:

	(Under)/Over Spend as at 31 July £m	(Under)/Over Spend as at 30 June £m	Movement (from previous month) £m
Net Expenditure	1.365	0.500	0.865
Sources of Income	(0.450)	(0.100)	(0.450)
Net over/ (underspend)	0.915	0.400	0.515

The graph below shows the projected variance over the reported periods.

Please note that the forecast position is compared to the HRA budget as recast in report 139-2024 submitted to and approved by the Neighbourhood Regeneration, Housing and Estate Management Committee on 13 May 2024.

8.2 The key variances that make up the July position are shown in the table below. These figures reflect movements for the full year to date.

	£m
Projected overspend in property costs mainly relating to additional void costs due to empty properties being let for longer than budgeted, additional expenditure on unmetered landlord supplies and gas safety maintenance and emergency repairs	1.365
Additional rental income	(0.450)

8.3 Any final variance will be adjusted against the Renewal & Repair Fund and any final overspend will be offset against the Renewal & Repair Fund, the housing element of which amounted to £7.317m as at 31 March 2024. A system of ongoing monitoring will continue to take place up to 31 March 2025 with the objective of the HRA achieving a final outturn which is below or in line with the adjusted 2024/25 HRA Revenue Budget.

9 RISK ASSESSMENT

9.1 In preparing the Council's 2024/25 Revenue Budget, the key strategic, operational and financial risks faced by the Council over this period were considered. To alleviate the impact these risks may have if they occur, a number of general risk mitigation factors are utilised by the Council.

9.2 The key risks in 2024/25 have been assessed both in terms of the probability of whether they will occur and the severity of their impact on the Council should they indeed happen. These risks have been ranked as either zero, low, medium or high. Details of this risk assessment are included in Appendix B to this report. Any changes to the assessment from the previous reporting period, together with any additional comments included, are highlighted in bold type.

10 POLICY IMPLICATIONS

10.1 This report has been subject to the Pre-IIA Screening Tool and does not make any recommendations for change to strategy, policy, procedures, services or funding and so has not been subject to an Integrated Impact Assessment. An appropriate senior manager has reviewed and agreed with this assessment.

11 CONSULTATIONS

11.1 The Council Leadership Team were consulted in the preparation of this report.

12 BACKGROUND PAPERS

12.1 None.
