REPORT TO: SPECIAL POLICY & RESOURCES COMMITTEE - 10 FEBRUARY 2011

REPORT ON: CAPITAL PLAN 2011-2014 - GENERAL SERVICES

REPORT BY: DIRECTOR OF FINANCE

REPORT NO: 53-2011

1 PURPOSE OF REPORT

1.1 To provide elected members with background information and details of the Council's General Services Capital Plan for 2011-2014. The Capital Plan includes expenditure on the Council's General Fund service departments, such as Education, Social Work and City Development. The Housing HRA Capital Plan was approved at Policy & Resources on 24th January 2011 (report 19-2011 refers)

2 **RECOMMENDATIONS**

- 2.1 The Policy & Resources Committee is requested to:
 - 1 approve the Council's General Services Capital Plan for 2011-2014 attached.
 - 2 note the position for the 2010/11 projected capital expenditure programme, as at 31st December 2010.
 - 3 approve the Prudential Indicators for the Capital Plan 2011-2014, as shown in Appendix 1 and note that these Indicators demonstrate that the Capital Plan 2011-2014 is affordable, prudent and sustainable.

3 FINANCIAL IMPLICATIONS

- 3.1 A significant portion of the Council's capital expenditure in the plan will be financed by borrowing and, as such, will result in Capital Financing Costs being incurred over the estimated useful life of the assets concerned. Appropriate provision has been included in the Council's Provisional 2011-2012 Revenue Budget, and will also be included in future years Revenue Budgets.
- 3.2 In some instances, the creation of a new capital asset may result in additional running costs (eg staff, non-domestic rates, maintenance etc) although these may be offset by additional income or related savings. Again, appropriate provision has been included in the Council's Provisional 2011-2012 Revenue Budget for the revenue costs of capital projects which will become operational during the course of the current financial year.

4 BACKGROUND

4.1 The Capital Plan 2011-2014 is a one year Plan which updates the previously approved budgets for 2011/12 and 2012/13, to reflect the latest phasing of the projected expenditure, and the impact of this on 2013/14. No new projects have been introduced for 2012/13 and 2013/14 as projects will be prioritised via the Council's Asset Management Plan, once the Local Government Finance Settlement figures for the period 2012-2015 are available.

5 CAPITAL RESOURCES 2011-2014 - GENERAL SERVICES

5.1 **Prudential Framework**

5.1.1 <u>Prudential Code Framework</u>

The Prudential Framework has been developed as a professional code of practice to support local authorities in taking decisions on capital investment. Local authorities are required by Regulation to comply with the Prudential Code under Part 7 of the Local Government in Scotland Act 2003. The 2011-2014 Capital Plan has been prepared in compliance with the Prudential Code.

5.1.2 Under the Prudential Code Local Authorities are obliged to introduce a system of option appraisal for capital projects and to develop asset management plans to assist in determining capital expenditure priorities.

5.1.3 Option Appraisal

Option appraisal guidelines have been developed which allow departments to consider systematically whether individual capital projects provide value for money. An option appraisal report should be completed for all projects of £250,000 or above being considered for inclusion in the Council's Capital Plan. A separate report is required to present the findings to Committee for projects with a capital value of £1m or more. Option Appraisal projects with a capital value between £250,000 and £1m are required to be approved by the Director of Finance, prior to the project being progressed.

5.1.4 Asset Management Plans

An Asset Management Plan Project Team was established within the Council comprising of officers from City Development, Finance and Architectural Services together with representatives from most service departments. This team was given responsibility for developing a Corporate Asset Management Strategy.

The Asset Management Plan was approved by the Policy & Resources Committee on 10 December 2007. The Asset Management Plan - Annual Review was approved by the Policy and Resources Committee on 24 August 2009 (report 374-2009), and provided an update on progress since the previous report. The Council is in the final stages of developing a Corporate Asset Management Strategy which will seek to achieve the best possible match of assets with the Council's service delivery.

Future Capital Expenditure will be prioritised through the Asset Management Strategy.

5.2 Capital Expenditure Funded from Borrowing

5.2.1 The level of borrowing for 2010/11 and 2011/12 has been determined based largely on the level of expenditure that can be afforded from the Capital Financing Costs included within the Provisional 2011-2012 Revenue Budget and is shown below:

	£m
2010/11	36.590
2011/12	51.316

5.2.2 The level of borrowing shown above includes some capital projects where a proportion of the borrowing will be funded from efficiency savings from within Departmental Revenue Budgets. The total level of borrowing each year, in respect of these projects, is shown below:

	£m
2010/11	4.263
2011/12	13.494

5.2.3 The Capital Plan 2011-2014 also includes borrowing for items that were previously leased. The provision for leasing charges in the 3 Year Revenue Budget will now be used to fund the Capital Financing Costs arising from the borrowing. These projects include the New Computing Equipment for Schools (Education), Vehicles Fleet (Waste Management), Purchase of Council computers (Information Technology) and Vehicles and Equipment (Leisure & Communities). The total capital value of these items is shown below:

	£m
2010/11	2.070
2011/12	2.120

5.3 Capital Grants

5.3.1 The Local Government Finance Settlement 2011-12 provided details on the level of capital grants for the Council for 2011-12 only. No indicative figures for the grant levels for 2012/13 onwards are available at this point in time as the Scottish Government have not announced the level of grant for 2012/13 and later years.

These grants have been split into Ring-Fenced capital grants such as Cycling, Walking and Safer Streets (Chief Executive) and General Capital Grant which rolls up previously ring-fenced capital grants, such as Cities Growth Fund (Chief Executive), Schools Fund (Education), Contaminated Land/Air Quality Monitoring (Environmental Health, Trading Standards and Scientific Services) and Regional Transport Partnership (City Development). The total grant figure for Scotland for Vacant & Derelict Land Fund has yet to be allocated by the Scottish Government, therefore no allocation is contained within the Capital Plan 2011-14.

5.3.2 The 2011/12 General Capital Grant is £15.485m. A portion of the grant - £3.806m will be transferred to revenue to fund Central Waterfront expenditure on assets not owned by the Council and £937,000 will be transferred to revenue to fund Private Sector Housing grant payments. This expenditure and grant are not included in the capital plan.

In addition the Council also received capital grant for 2011/12 for Tayside Police, $\pounds 556,000$, which will be passed on to them. This grant is not included in the figures shown below.

Also, the Council has been awarded £206,000 in 2011/12 for Cycling, Walking & Safer Streets. This is a ring-fenced capital grant which is included in the Chief Executive's capital programme.

The Capital Plan includes the following levels of Capital Grants:

	Ring-Fenced	General Capital
	Capital Grant	Grant
	£m	£m
2011/12	0.206	10.186

5.4 Capital Receipts

These comprise receipts from the sale of land and buildings, contributions from external parties and the transfer of receipts from the Capital Fund. Income from the sale of land and buildings has been estimated in consultation with officers from the City Development Department and account has been taken of the downturn in the economy. Most receipts projected over the period of the Capital Plan have, however, already been received in 2010/11. Total receipts, both from receipts raised and transfers from the Capital Fund, in 2011/12 are estimated to be £1.854m

The above figures exclude capital income relating to specific projects. This income is shown against the total expenditure for the projects in the detailed pages of the plan (page 8 to 25).

6 **CAPITAL EXPENDITURE 2011-2014 (GENERAL SERVICES)**

- 6.1 The Capital Expenditure included in the 2011-2014 Capital Plan is based on the approved Capital Plan 2010-2013, updated to reflect the latest timescales for the projects contained within the plan. No new projects have been introduced for 2012/13 and 2013/14 as projects will be prioritised via the Councils Asset Management Plan once Local Government Finance Settlement figures are available for 2012-2015.
- 6.2 In addition, a total of £17.757m of capital expenditure is included in the Capital Plan 2011-2014 for projects, the capital financing costs of which are being funded from revenue savings and the corresponding adjustments have been made in the Provisional 2011-2012 Revenue Budget
- 6.3 The detailed Capital Budget for 2011/12 to 2013/14 is shown on pages 8 to 25 of the Capital Plan 2011-2014 and is summarised below:

	<u>2011/12</u> <u>£m</u>	<u>2012/13</u> <u>£m</u>	<u>2013/14</u> <u>£m</u>
Legally Committed	29.797	8.727	0.041
Not Yet Legally Committed	<u>36.769</u>	<u>24.147</u>	<u>6.585</u>
	<u>66.566</u>	<u>32.874</u>	<u>6.626</u>

7 PRUDENTIAL INDICATORS

7.1 The Prudential Code requires the Director of Finance to prepare a set of indicators that demonstrate that the Council's Capital Plan 2011-2014 is affordable, prudent and sustainable. A copy of the Indicators are detailed in the attached Appendix 1 to this report. The Indicators demonstrate that the Capital Plan 2011-2014 is indeed affordable and prudent.

7.2 Capital Expenditure Indicators

7.2.1 Level of Capital Expenditure

This indicator measures affordability and gives a basic control of the Council's capital expenditure. To provide an accurate indicator of capital expenditure all receipts are shown gross.

7.2.2 Ratio of Financing Costs to Net Revenue Stream

This also measures affordability. The measure includes both current and future commitments based on the Capital Plan and shows the revenue budget used to fund the Capital Financing Costs of capital expenditure.

Variations to the ratio implies that the proportion of loan charges has either increased or decreased in relation to the total funded from Government Grants and local taxpayers.

7.2.3 Estimate of Incremental Impact of Capital Investment Decisions on the Council Tax

This is also a measure of affordability. It shows the relative impact of the capital programme on the Council Tax. The indicator takes into consideration the effects of self-financing capital projects funded from existing Revenue Budgets, the effects of government funded projects and reflects the revenue impact of capital schemes on Capital Financing Costs. The variation in the indicators shows the incremental effect of the changes from the 2010-2013 Capital Plan (adjusted for slippage) to the 2011-2014 Capital Plan. The associated Capital Financing Costs of the 2011-2014 Capital Plan have been included within the Council's Provisional 2011-2012 Revenue Budget, and provision will also be included in future years Revenue Budgets.

7.3 Treasury Management Indicators

The Treasury Management Indicators for 2009/10 to 2012/13 were reported to Committee on 6 December 2010 (Report No 568-2010). These have now been updated to reflect projected expenditure included in the 2011-2014 Capital Plan. The figures are shown in Appendix 1.

8 POLICY IMPLICATIONS

8.1 This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management.

There are no major issues.

9 CONSULTATION

9.1 The Chief Executive and Depute Chief Executive (Support Services) have been consulted in the preparation of this report.
