

REPORT TO: AUDIT SUB-COMMITTEE 19 JUNE 2001  
REPORT ON: INTERNAL AUDIT ANNUAL PLAN 2001/2002  
REPORT BY: DIRECTOR OF FINANCE  
REPORT NO: 824-2001

ITEM 1

## **INTERNAL AUDIT ANNUAL PLAN**

**2001/2002**

## **OVERVIEW**

The Internal Audit Plan covers the period 1 April 2001 to 31 March 2002. The number of days available in the 2001/2002 financial year is projected to be 1,760, the breakdown which is as follows:

- 1,362 (77%) productive days for audit work to review systems and areas which fall within the remit of the Internal Audit Service Provision.
- 120 (7%) productive days for non-audit work which will be used primarily for the training and development of staff based within the Internal Audit Section and the planning and management of the Council's Internal Audit Service Provision.
- 270 (16%) non-productive days which includes provision for annual leave, public holidays and sickness for staff based within the Internal Audit Section.

Whilst the plan is based on the best information available at the time of drafting, it may be subject to amendment depending on issues which arise during the financial year. Within the resources available the plan attempts to provide a satisfactory level of internal audit coverage across the Council. For departments where there is minimal coverage or where projects are not specifically identified in the plan, audit reviews may be undertaken from the corporate allocation. This allocation will be assigned to corporate reviews, such as Best Value, council-wide financial systems such as payroll and council-wide support systems such as the Council's Information and Communication Strategy.
