

REPORT TO: HEALTH AND SOCIAL CARE INTEGRATION JOINT BOARD – 23 AUGUST 2023

REPORT ON: ALCOHOL AND DRUG PARTNERSHIP ANNUAL REPORT

REPORT BY: CHIEF OFFICER

REPORT NO: DIJB45-2023

1.0 PURPOSE OF REPORT

Scottish Alcohol and Drug Partnerships (ADP) were asked to complete an annual reporting survey to the Scottish Government. This return is to be approved by the local ADP and by the relevant Integration Joint Board. The purpose of this report is to seek agreement for the final submission to the Scottish Government.

2.0 RECOMMENDATIONS

It is recommended that the Integration Joint Board (IJB):

- 2.1 Approves the content of the Dundee Alcohol and Drug Partnership Annual Reporting Survey 2022 – 23 as attached at Appendix 1.
- 2.2 Notes that the Dundee ADP has already approved the submission and that a draft report was submitted to the Scottish Government on the 26th June 2023, to meet the Scottish Government submission date guidelines.

3.0 FINANCIAL IMPLICATIONS

- 3.1 There are no financial implications to this report. The information is retrospective data gathering.

4.0 MAIN TEXT

4.1 Background

- 4.1.1 A new template was been shared with all ADPs for the delivery of the 2022-23 Annual Report to the Scottish Government. The deadline for submission of the report was Monday 26th June 2023 and it was requested that the submission is signed off by both the ADP and the IJB.
- 4.1.2 The Annual Report survey is designed to collect information from all ADPs across Scotland on a range of aspects relating to the delivery of the National Mission during the financial year 2022/23. The revisions to the survey are planned to minimise duplication of reporting (e.g. on MAT implementation and Whole Family Approach developments). This report does not reflect the totality of activities locally and covers areas of work where we do not already report progress nationally through other means. It was not expected that every ADP will respond to all of the questions, and it was equally not expected that each ADP will have all of the services / projects in place.

- 4.1.3 The data collected as part of this report will be used nationally to better understand the challenges and opportunities at the local level and the findings will be used to help inform the following:
- the monitoring and of the National Mission;
 - the work of a number of national groups including the Whole Family Approach Group, the Public Health Surveillance Group and the Residential Rehabilitation Working Group, amongst others; and
 - the priority areas of work for national organisations which support local delivery of services.
- 4.1.4 Data gathered through this report will be analysed and the findings will be published at an aggregate level as experimental statistics on the Scottish Government website. All data will be shared with Public Health Scotland to inform drug and alcohol policy monitoring and evaluation, and summary data may be used in published reports.
- 4.1.5 The Dundee ADP submission, demonstrated the range of work undertaken across Dundee. While there is no indication that every aspect of the survey should be in place, we will utilise the aggregated information published nationally to determine where others are working in ways which differ from Dundee, and use the local analysis to consider where there may be gaps in our approach.

4.2 Sign-off of the annual report

- 4.2.1 Dundee ADP, considered and agreed the submission on the 20th June 2023. Given the timing for the submission of information, the Chair and Vice Chair of the IJB were asked to provisionally agree submission of the survey information prior to the 26th of June 2023, with full approval to be reached at the August 2023 meeting of the IJB. This was confirmed to the Scottish Government and a copy of the agreed survey will be submitted following this meeting.

5.0 POLICY IMPLICATIONS

This report has been subject to the Pre-11A Screening Tool and does not make any recommendations for change to strategy, policy, procedures, services or funding and so has not been subject to an Integrated Impact Assessment. An appropriate senior manager has reviewed and agreed with this assessment.

6.0 RISK ASSESSMENT

There are no associated risks contained within this report.

7.0 CONSULTATIONS

The Dundee Alcohol and Drug Partnership were consulted in the development of the ADP Annual Survey report. The Chief Officer, Chief Finance Officer and the Clerk were consulted on the report.

8.0 DIRECTIONS

The Integration Joint Board requires a mechanism to action its strategic commissioning plans and this is provided for in sections 26 to 28 of the Public Bodies (Joint Working) (Scotland) Act 2014. This mechanism takes the form of binding directions from the Integration Joint Board to one or both of Dundee City Council and NHS Tayside.

Direction Required to Dundee City Council, NHS Tayside or Both	Direction to:

Alcohol and Drug Partnership (ADP) Annual Reporting Survey: 2022/23

This survey is designed to collect information from all ADPs across Scotland on a range of aspects relating to the delivery of the National Mission **during the financial year 2022/23**. This will not reflect the totality of your work but will cover those areas where you do not already report progress nationally through other means.

The survey is primarily composed of single option and multiple-choice questions, but we want to emphasise that the options provided are for ease of completion and it is not expected that every ADP will have all of these in place. We have also included open text questions where you can share more detail.

We do not expect you to go out to services in order to respond to questions relating to activities undertaken by them in your area. Where questions refer to service level activities, we are interested in the extent to which you are aware of these at an ADP level.

We are aware of some element of duplication with regards to questions relating to MAT Standards and services for children and young people. To mitigate this, we've reviewed the relevant questions in this survey and determined the ones that absolutely need to be included in order to evidence progress against the national mission in the long-term. While some of the data we are now asking for may appear to have been supplied through other means, this was not in a form that allows for consistently tracking change over time.

The data collected will be used to better understand the challenges and opportunities at the local level and the findings will be used to help inform the following:

- The monitoring of the National Mission;
- The work of a number of national groups including the Whole Family Approach Group, the Public Health Surveillance Group and the Residential Rehabilitation Working Group, amongst others; and
- The priority areas of work for national organisations which support local delivery.

The data will be analysed and findings will be published at an aggregate level as [Official Statistics](#) on the Scottish Government website. All data will be shared with Public Health Scotland to inform drug and alcohol policy monitoring and evaluation, and excerpts and/or summary data may be used in published reports. It should also be noted that the data provided will be available on request under freedom of information regulations and so we would encourage you to publish your return.

The deadline for returns is Tuesday 27th June 2023. Your submission should be signed off by the ADP and the IJB, with confirmation of this required at the end of the questionnaire. We are aware that there is variation in the timings of IJB meetings so please let us know if this will be an issue.

If you require clarification on any areas of the survey or would like any more information, please do not hesitate to get in touch by email at substanceuseanalyticalteam@gov.scot.

Cross-cutting priority: Surveillance and Data Informed

Q1) Which Alcohol and Drug Partnership (ADP) do you represent?
[single option, drop-down menu]

Dundee City ADP

Q2) Which groups or structures were in place **at an ADP level** to inform surveillance and monitoring of alcohol and drug harms or deaths? (select all that apply)
[multiple choice]

- Alcohol harms group
- Alcohol death audits (work being supported by AFS)
- Drug death review group
- Drug trend monitoring group/Early Warning System
- None
- Other (please specify):

Cross-cutting priority: Resilient and Skilled Workforce

Q5a) What is the whole-time equivalent staffing resource routinely dedicated to your ADP Support Team as of 31st March 2023.

[open text, decimal]

Total current staff (whole-time equivalent including fixed-term and temporary staff, and those shared with other business areas)	4.50
Total vacancies (whole-time equivalent)	0.50

Q5b) What type of roles/support (e.g. analytical support, project management support, etc.) do you think your ADP support team might need locally? Please indicate on what basis this support would be of benefit in terms of whole-time equivalence.

[open text – maximum 255 characters]

Analytical support focused on outcomes, half-time training co-ordination, half-time prevention worker (with a focus on alcohol too) and fulltime development worker with skills around community engagement and support.

Q6a) Do you have access to data on **alcohol and drug services** workforce statistics in your ADP area? (select only one)

[single option]

- Yes
- No (please specify who does):
- Don't know

6b) If yes, please provide the whole-time equivalent staffing resource **for alcohol and drug services** in your ADP area.

[open text, decimal]

Total current staff (whole-time equivalent)	133.50
Total vacancies (whole-time equivalent)	13.00

Q7) Which, if any, of the following activities are you aware of having been undertaken in your ADP area to improve and support workforce wellbeing (volunteers as well as salaried staff)? (select all that apply)

[multiple choice]

- Coaching, supervision or reflective practice groups with a focus on staff wellbeing
- Flexible working arrangements
- Management of caseload demands
- Provision of support and well-being resources to staff
- Psychological support and wellbeing services
- Staff recognitions schemes
- None
- Other (please specify): Support for staff with lived experience

Cross cutting priorities: Lived and Living Experience

Q8a) Do you have a formal mechanism at an ADP level for gathering feedback from people with lived/living experience using services you fund? (select all that apply)

[multiple choice]

- Feedback/complaints process
- Questionnaire/survey
- No
- Other (please specify): specific focus on experiential data collection for MAT standards

Q8b) How do you, as an ADP, use feedback received from people with lived/living experience and family members to improve service provision? (select all that apply)

[multiple choice]

	Lived/living experience	Family members
Feedback used to inform service design	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Feedback used to inform service improvement	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Feedback used in assessment and appraisal processes for staff	<input type="checkbox"/>	<input type="checkbox"/>
Feedback is presented at the ADP board level	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Feedback is integrated into strategy	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Other (please specify)		

Q9a) How are **people with lived/living experience** involved within the ADP structure?

(select all that apply)

[multiple choice]

	Planning (e.g. prioritisation and funding decisions)	Implementation (e.g. commissioning process, service design)	Scrutiny (e.g. monitoring and evaluation of services)	Other (please specify)
Board representation at ADP	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Focus group	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Lived experience panel/forum	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Questionnaire/ surveys	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Other (please specify)				

Q9b) How are **family members** involved within the ADP structure? (select all that apply)
 [matrix, multiple choice]

	Planning (e.g. prioritisation and funding decisions)	Implementation (e.g. commissioning process, service design)	Scrutiny (e.g. monitoring and evaluation of services)	Other stage (please specify)
Board representation at ADP	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Focus group	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Lived experience panel/forum	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Questionnaire/ surveys	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Other (please specify)				

Q9c) If any of the above are in development for either people with lived/living experience and/or family members, please provide details.

[open text – maximum 2000 characters]

We are currently reviewing options for strengthening the involvement of those with lived experience in the work of the ADP and the overall Public Protection structure. This could include the development of a panel / forum.

Q10) What monitoring mechanisms are in place to ensure that services you fund are encouraged/supported to involve people with lived/living experience and/or family members in the different stages of service delivery (i.e. planning, implementation and scrutiny)?

[open text – maximum 2000 characters]

As part of the setting up the system to gather experiential data for MAT we have been supporting DDARS to develop their internal system / structure to involve and engage with the views of those accessing services. Focused support and monitoring of commissioned organisations with respect to their engagement with lived experience takes place as part of the contract monitoring system.

Q11) Which of the following support is available to people with lived/living experience and/or family members to reduce barriers to involvement? (select that apply)

[multiple choice]

- Advocacy
- Peer support
- Provision of technology/materials
- Training and development opportunities
- Travel expenses/compensation
- Wellbeing support
- None
- Other (please specify): Support with volunteering and employment opportunities

Q12a) Which of the following volunteering and employment opportunities for people with lived/living experience are offered by services in your area? (select all that apply)
[multiple choice]

- Community/recovery cafes
- Job skills support
- Naloxone distribution
- Peer support/mentoring
- Psychosocial counselling
- None
- Other (please specify):

Q12b) What are the main barriers to providing volunteering and employment opportunities to people with lived/living experience within your area?
[open text – maximum 2000 characters]

Organisations require to invest in support and supervision for peer workers, especially around mental health if people are working in direct frontline support where they might face triggering situations. People should have support from other peer workers, this can come from within their own organisation or through partnership with other services. Benefits to members of staff include training, professional development that will both support them in the job they are doing at the moment and help them moving forward in their career. It is important that organisations support peers employment for the longer term, this can be challenging. There needs for clarity around the role of peer worker both in terms of what they will bring and how they can develop. there is lack of clarity about what lived experience might mean, how long do people have to be abstinent from substance before they can be a peer worker. There are lots of opportunities for people to develop skills e.g. Peer2Peer, ASSIST etc. but after they have done all this training there are no opportunities to progress.

Q13) Which organisations or groups are you working with to develop your approaches and support your work on meaningful inclusion? (select all that apply)
[multiple choice]

- MAT Implementation Support Team (MIST)
- Scottish Drugs Forum (SDF)
- Scottish Families Affected by Drugs and Alcohol (SFAD)
- Scottish Recovery Consortium (SRC)
- None
- Other (please specify): It is possible that SFAD are working in Dundee but this is not organised via the ADP. We also work with SMART Recovery UK

Cross cutting priorities: Stigma Reduction

Q14) Do you consider stigma reduction for people who use substances and/or their families in any of your written strategies or policies (e.g. Service Improvement Plan)? (select only one)

[single option]

Yes (please specify which):

No

Don't know

Q15) Please describe what work is underway to reduce stigma for people who use substance and/or their families in your ADP area.

[open text – maximum 2000 characters]

Dundee has a multi-agency Public Protection Trauma Steering Group. All substance use staff receive trauma-informed training to ensure their work is trauma based. we have the Gendered Services project working with organisation to address gender-specific trauma issues. We have the Authentic Voice Project which includes a focus on lived and living experience, including experiences of staff members.

Fewer people develop problem substance use

Q16) How is information on local treatment and support services made available to different audiences **at an ADP level** (not at a service level)? (select all that apply)

Q29b) Please describe what treatment and support is in place **specifically for children aged 0-4 (early years) and 5-12 (primary)** affected by **alcohol**.
[open text – maximum 2000 characters]

Treatment and support for children up to the age of 12 will be based on the whole family approach, as the main issues will be the effect of parental and other carers' alcohol use. This includes a kinship care team based within Children & Families Service (C&F) social work, and working collaboratively with the third sector (lead by TCA). We have non-medical Prescribing nurses based with loallity C&F teams providing dedicated support for parents and carers, and we have the New Beginnings service supporting pregnant women and babies up to the age of one.

Q33) Are there arrangements (in any stage of development) within your ADP area for people who present at substance use services with mental health concerns **for which they do not have a diagnosis**?

[open text – maximum 2000 characters]

In Dundee and Tayside we currently have two projects with the aim of improving and extending such arrangements. We have the Tayside Pathfinder project lead by HIS and supported by local organisations. This project focuses on improving information sharing/ focus on the experiences of those with lived experience and identifying the specific training and development needs of front-line staff. In Dundee we also have the Working Better Together project currently testing a process to engage with (identify and support) those most at risk, with an initial focus on women affected by substance use and mental health. This project also focuses on progressing with the implementation of MAT9. The two projects work closely together and a senior operational lead for Dundee has now been appointed.

Q34) How are you, as an ADP, linked up with support service **not directly linked to substance use** (e.g. welfare advice, housing support, etc.)?

[open text – maximum 2000 characters]

Some support services, including Housing, Education, Corporate Services for Dundee Council - are represented on the ADP Board. The Dundee ADP Board also appointed a number of sub groups to progress specific areas of work - these subgroups include input from a range of non-direct substance use services, including Health Inequalities Team, Women's Services, Mental Health organisations, Communities and Housing. In addition, we have a larger Forum for services and organisations to get together on a monthly basis to jointly discuss and propose solutions to a range of issues relating to substance use - this Forum includes a wide-range of support services, including welfare advice.

Q35) Which of the following activities are you aware of having been undertaken in local services to implement a trauma-informed approach? (select all that apply)
