

**3 REQUEST FOR APPROVAL TO SERVE SECTION 187 NOTICE - KING'S CROSS ROAD
(AN223-2008)**

A member has reported a complaint regarding unauthorised advertising on boundary fencing facing onto Kings Cross Road, Dundee. It is considered the most effective way to ensure the removal of said advertising is to serve Notices on all interested parties under Section 187 of the Town and Country Planning (Scotland) Act 1997 - Power to Remove or Obliterate Placards and Posters. Once this Notice has been served the Planning Authority can remove the unauthorised signage after 2 days.

Members are asked to note that the Director of Planning and Transportation does not have delegated powers to serve said Notice as it is not included in the Scheme of Delegation.

Members are asked to authorise the Depute Chief Executive (Support Services) and the Director of Planning and Transportation to serve said Notices and thereafter the Director of Planning and Transportation is seeking authorisation to allow the Enforcement Officer to enter onto the unoccupied land to exercise the power under Section 187 and enforce said Terms of Notice.
