

1 GREENMARKET CAR PARK - NETWORK RAIL - BASIC ASSET PROTECTION AGREEMENT (AN288-2005)

Reference is made to Article III of the minute of meeting of Recess Sub-Committee of 11th July 2005.

Part of the Dundee Central Waterfront Development includes the construction of a new multi storey car park at Greenmarket with a site boundary adjoining the railway. Network Rail require Dundee City Council to enter into a legal Basic Asset Protection Agreement for them to provide interface activities relating to the rail network, health and safety, industry standards, regulations and necessary approvals.

This allows Network Rail to recognise the project and recharge Dundee City Council for agreed staff costs incurred in providing these services, the estimated cost of which is £5,000. The Depute Chief Executive (Finance) advises that this cost can be met from the provision made in the Capital Plan 2005-2008 for the Greenmarket Car Park.

The Sub-Committee's authority is requested to enter into the agreement with Network Rail to allow the project to progress.
