

(g) FEES FOR LICENCES (AN5-2017)

Following an exercise carried out in conjunction with the Head of Finance, it is reported that the following fees should be charged from 1st April, 2017 in order that the Council can recover its costs. The last rise in fees was in April 2014. In regard to the cost of renewal of a Taxi Driver's Licence, this will be £155 for renewals in May 2017 (and £175 thereafter) as it is the subject of a £20 rebate in respect of the Taxi Marshals' costs recovered in advance in May 2014.

The Taxi related fees including the taxi marshal rebate were discussed with the trade at a Taxi Liaison Group meeting at which the Trade noted the new fees and agreed that Taxi Marshals should continue to be deployed at the G Casino.
